TELEPHONE MEMO

US EPA RECORDS CENTER REGION 5

TO: Dan Gillies 8-725-7841

DATE: 11/20/80

FROM: M. Toepfer

TIME: 2:00 PM

SUBJECT: U.S.G.S. Ground Water Proposal

SUMMARY:

I called Dan to tell him that EPA has in the past entered into agreements w/ U.S.G.S. and kept the data confidential. I read him the language which I will insert into the agreement to be drafted by me for fiscal year 1981 work in SLP.

He was not too happy about the confidentiality provision but said he thought such an agreement necessary. He also promised to keep the proposal confidential until December 19, 1980.

I promised to send a draft interagency agreement next week to Gillies.

If we need to call Phillip Cohen, Chief Hydrologist, WRD about the confidentiality agreement his phone # FTS-928-6921.
