4/29/81 meeting w/ MPCA on Reilly Tar

US EPA RECORDS CENTER REGION 5
507045

taxonomy work - data management
3 companies involved
Control Data - provide software
Aspen Systems - topical coding + organization of data
Batelle - provide connection of 2 systems

1st pass for objective coding due about July 81
2nd pass for subjective coding (requires reading) due about 1/82
mid-August - (3 or 4) days required to review + eliminate materials that ~~are~~ shouldn't be subjected to subjective coding
Stevenson calls this a clustering routine
probably longer. Possibly get Kozakowski or Johns involved.

Washington DC presentation after Memorial Day.

Melanie → what is NUTRIENTS? cations + synonyms
has this been sampled for? Cl-?
is potential witness Warren Thompson?

call Ken Stevenson 612 296 7708
8776

Dennis Coyne - call about tissue for well locations
