What is Justice40rward? **Justice40rward** is a community-led effort launched by WE ACT for Environmental Justice, to ensure transparency and collaboration between elected officials, municipalities, and those who live in disadvantaged communities that the Justice40 Initiative was designed to support. Our work begins with making sure people, including local and state officials, understand the Justice40 Initiative, announced by President Biden in January 2021, and informing them about the billions of federal dollars in the Bipartisan Infrastructure Law, Inflation Reduction Act, and other appropriations that can be accessed to address environmental injustices in their communities. Established in 2001, the Duwamish River Cleanup Coalition/TAG (DRCC/TAG), also doing business as **Duwamish River Community Coalition** provides resources, knowledge, and action to build more just environmental futures. Their mission is to elevate the voice of those impacted by the Duwamish River pollution and other environmental injustices for a clean, healthy, equitable environment for people and wildlife . We promote place-keeping and prioritize community capacity and resilience.

WE ACT for Environmental Justice is a Northern Manhattan membership-based organization whose mission is to build healthy communities by ensuring that people of color and/or low-income residents participate meaningfully in the creation of sound and fair environmental health and protection policies and practices. WE ACT has offices in New York and Washington, D.C.
