SUBJECT: Status of the Environmental Assessment Worksheet (EAW) for Expansion of the Burnsville Landfill Site

Gentlemen:

The Minnesota Pollution Control Agency is reviewing the draft EAW concerning your proposed expansion. Concurrent with your proposal, the MPCA is preparing EAW's for three other landfills in the seven county Metro area. It appears that the Minnesota Environmental Quality Board rules concerning related actions could apply to these four proposed landfill expansions. Consequently, MPCA Board action has been delayed until the November 27, 1979 meeting.

The EAW for your proposal and the staff recommendations will be provided to you at least 10 days in advance of the Agency Board meeting. Time will be provided for you to address the Board if you so desire. Please contact me concerning any questions or if I may be of any further assistance to you.

Sincerely,

Dale E. McMichael
Project Manager
Environmental Planning & Review Unit
