UPDATE Major Issues 2017 post-Inauguration update ARU.xlsx

David and Linda,

Attached are ARU's updates, with the changes in language highlighted in red in the spreadsheet.

The following items have been updated:

Non-Responsive: Material Unrelated to the Puget Sound High Tide Line

High Tide line in WA – some minor tweak to the language to identify the report

Non-Responsive: Material Unrelated to the Puget Sound High Tide Line

Ex. 6 - Personal Privacy

Importance: High

Hi, please see below. Please send any updates to this table to David and me by noon on Thurs (please let us know what issues you've updated, added or deleted as we will need to cut and paste into sharepoint). In addition to updating the major issues list, Kendra will start scheduling briefings for Michelle for each of the major issues. We will also need to create more substantial briefing papers for Michelle in preparation for potential briefings in DC. Kendra will reach out to us about this and to get staff leads to start the process.

Subject: Updating the Major Issues Template

Hello Executive Team,

I am asking for your assistance in updating the Major Issues transition template that you and your staff helped put together back in August 2016. The material on the template will be useful for Michelle and Dan going forward but it is out-of-date and incomplete.

I am asking that you review the material currently on the template (which I will share with you here as an attachment) AND via OneDrive where you'll be able to edit. A couple of ground rules: 1) key contacts should be Office Director or Associate, 2) issues that have been resolved can be removed if no further action at Michelle and/or Dan's level is likely to occur, 3) add issues that are, or will become, important now into the future that will or could involve Michelle and/or Dan. Please keep your issue descriptions brief (short paragraph/6-8 sentences is fine).

Several issues that have already been vetted for inclusion on the template include: Yakima AOC, Navy/ex-Independence, multi-state offshore permit, Columbia River EIS. We realize there are likely more.

We'd like to have this template updated as quickly as possible…of course…but NLT next Friday, January 27th. I am available to assist you if there are issues with Sharepoint or questions about this request. Thanks in advance for your help, and we really appreciate all of the timely responses for the most recent 'asks' leading up to Inauguration Day and the weekend.

This OneDrive has been shared with R10-ET Mail Group.
