July 2 CZARA 2617 SA Commitments: Forestry & New Development/Prep for Qrtly Mgt Call Action Items

Jayne/Jenny will request as high priority the assignment for EPA R10 attorney to be assigned to Oregon CZARA (Done). Question was raised as to whether EPA OGC attorney can cover for EPA ORC as major shortage of regional attorneys at this time.

EPA/NOAA develop to send a letter to OR clarifying what parts of Oregon's CNPCP are subject to public notice and EPA/NOAA approval within the next month. (DONE)

Jayne will send out draft agenda for the July 11 call during this week (DONE see email). Final agenda distributed.

All will review and send comments to Don Yon at yon.donaldr@deq.state.or.us on the revised draft "Guidance for TMDL Implementation Plan Development for Urban/Rural Residential Land Uses within the Coastal Zone Management Area" by July 23, 2012.

By late Fall 2012, Don will send out summary of how the new development measure has been addressed through the issuance, outreach/education and implementation of "Guidance for TMDL Implementation Plan Development for Urban/Rural Residential Land Uses within the Coastal Zone Management Area."

By October 12, OR DEQ, with assistance from the Mid-Coast TMDL Team, will provide any information available that will help NOAA/EPA prepare a written assessment to Oregon DEQ with copy to the plaintiff on 1) whether implementation of the Oregon Coastal TMDL Approach in the Mid-Coast Sub-basins is likely to result in actions that will achieve and maintain WQS and 2) whether Oregon's plan for developing and updating TMDLs for all sub-basins in the CNPCP management area using the Oregon Coastal TMDL Approach could satisfy the outstanding forestry condition.

Jenny and Gene will share possible approaches to dealing with the recent ruling on Oregon's Temperature Standard and its impact on the MidCoast TMDLs addressing the Forestry measures by the end of July. They also will discuss whether to request an extension during the July 11 call.
