Do you have a best guess related to potential staffing for 30, 60, 90 days? I understand it is very early and you may now yet?

Subject: Three Questions

ESF10 has been asked to update on three issues:

1. What is our projected staffing for Harvey for 30, 60 and 90 days out?
2. What are we doing in preparation for Irma?
3. Do we need any FEMA provided housing for EPA Harvey response personnel.

No particular urgency give but that doesn't mean that they don't expect it ASAP. If nothing else give me a time frame for a response.

Thanks
