FLUOR DANIEL

RECORD OF TELEPHONE CONVERSATION

FROM: Cindy Arens DATE: 8/23/95 TIME: 12:30pm

LOCATION: Fluor Daniel SUBJECT: Status of site

TO: Paul Hernadi P.O. NO. (713) 455-1086

LOCATION: ARMCO, Greensport Industrial Park OTHER REF. ARMCO-Houston Works

The Greensport Industrial Park is approximately 520 acres. ARMCO sold off the remaining land of the old steel mill (800 acres). It was converted to the industrial park since about 1984.

Surface water-runoff from the site flows into the Houston Ship Channel, which flows east.

There is about 2.75 million sq.ft. of building on site.
There is a fence surrounding the site.
There are 2 wells on site used for drinking water, 900 & 1200 ft. deep.
The State of Texas is responsible for the monitoring of the drinking water wells. These wells are permitted.

The area on site where the five old waste pits are located, are covered w/ vegetation.

Armco Land
