P.O. Box 13087, Capitol Station
Austin, Texas 78711

Dear Mr. Snow,

Materials Recovery Enterprises, Inc. has been requested by Hydrographic, Irving, Texas to accept for disposal at our Taylor County Site their water base silica sand slurry sludge. Their TDWR # is 30609, while their WCC# is 140590. The monthly volume of this stream is approximately 3600 gallons. The pH is 7.5.

The waste stream under consideration is non-reactive and compatible with waste materials presently being disposed of at the site and is compatible with the disposal technique and facilities presently authorized under phase I and II by TDWR permit No. 39038.

MRE, therefore, requests authorization to accept the waste stream described herein under Section II, paragraph B of permit No. 39038.

Thank you for your continued cooperation and assistance. We look forward to hearing from you.

Sincerely,

August "Gus" Doskey
Project Manager
