---

Gentlemen,

I am sending you the draft FS and the PRPs Response to comments (with original EPA and TCEQ comments) for your perusal and edification. This is in preparation of our meeting, yet to be determined. As soon as I get some "feedback" and coordinate schedules, I will send out an e-vite for the actual review meeting. If you need anything further, please let me know.

Thanks to you all for helping with this site.

Kindest Regards,

Phil Allen
