Chris

I am cc'ing Kendra Tyler in our R10 RA's office so that she knows we have submitted this one as well as the prior Q & A.

Fact sheets **MUST** meet the following criteria:

- Limit fact sheets to **one** page in length.
- Include only **one** question per fact sheet.
- Brief, **3-bullet list** for talking points rather than lengthy paragraphs.
- Include resource information where applicable.

Hi Kristie – Just thought I would let you know, that our R10 OWW Office Director (Dan Opalski) had some suggestions that precipitated another draft Q & A.
Thought you might be interested in seeing the draft(?)

It is attached here, but not yet fully reviewed by Puget Sound manager , so I am not officially submitting it yet.

Chris

Dan and Rick – Per Dan's suggestions below, I drafted an additional Q&A that we might submit to HQ .
If you can review and approve, we can still meet the deadline of submitting today.

All:

I apologize in advance for this very last minute and urgent request we have received from HQ. Late last week we received the directions for submitting Fact Sheets to support the Administrator during the FY 2015 budget release and appropriations hearings. The budget is scheduled to be released March 4, and hearings are scheduled March 25- April 9.

Below are the Regional topics that we plan to submit.

Non-Responsive

- Oregon CZARA

Non-Responsive

Topics were chosen based on Regional importance and based on congressional leadership that would be participating in the hearings. *If there is a topic that you feel should be included to this list, please let me know ASAP*.

We will need to follow the attached format for fact sheet development. Under a separate email I will send each of you the most recent briefing document we have on the above issues (if we already have one).

Fact sheets are due to the RA's office by 3:00 PM Tuesday, February 25.

Again, I apologize for this late request, and I will work with everyone to make sure this process is as efficient as possible.

Kendra
