Toxaphene Contamination in Houston

OLIN CORP - S P OLIVER
TXD000 602028

Contacts

Jim Martin - Houston Belt + Terminal Railroad
713-227-4341 ext 2402
(also Mr. Satterfield)

Ed Hilliard - Rollins
713-479-6001
Rollins Environmental Services of Texas, Inc.
2027 Battleground Road
Deer Park

~4:15 1/15/81

Ed Hilliard and I agreed that Rollins would only remove the obviously contaminated piles and some of the obviously contaminated dirt immediately beneath the piles. They will leave the rest of the material otherwise undisturbed. They will give us at least 1 day advance notice of their removal of this dirt so we can send down an inspector. Except for the work on the piles, they will leave the rest of the area ~~undisturbed~~ until after we have given the problem more careful planning

~4:30 1/15/81

I told Jim Martin of the above. He agreed to try to put up ~~warning~~ signs tomorrow that warn of heavy pesticide contamination and give HB&T's telephone number.
