You're welcome.

Had a few ideas about format and flow for roundtable as well.

This group is largely from the our top vendor/supply chain network, a few customers, and Rosebud is a peer producer. I know many of them are well versed on the policy issues (Rachel Gleason, Darrel Lewis, Jim Barker, Jim McCaffrey) and some are political animals (Cliff Forrest, Sen. Bartolotta).

Oh and Senator Bartolotta's bio attached. Her district is all of Greene/Washington County. She serves on Energy and Environmental Resources committee in Harrisburg.

Open to suggestions, we can revise and finalize tomorrow on site.

- Welcome- Jimmy Brock
- Brief Introductions- Around the table/what their companies do
- Administrator Pruitt remarks and his/Trump vision for EPA
- Discussion: Jimmy or Pruitt can lead
  - National issues
  - Regional industry/economy
  - Regulations- federal/state

Senator Camera Bartolotta

46TH DISTRICT

Senator Camera Bartolotta brings an entrepreneurial spirit and a wealth of real-world experience to her job representing residents of Beaver, Greene and Washington counties. A longtime resident of Monongahela, she was elected to her first term representing the 46th Senatorial District in 2014.

Prior to being elected to the Senate, she opened the first quick-lube business in the Mon Valley, Duke of Oil, which has been providing quality, affordable service since 1988. She also produced "La Dolce Vita," a cooking show that aired on WPXI-TV and PCNC.

In the Senate, Camera's committee assignments reflect the main concerns of the communities she represents, including the need for quality, family-sustaining jobs and smaller government. She currently serves as Chair of the Senate Intergovernmental Operations Committee, which examines proposals to consolidate services and agencies and make state government operate more effectively and efficiently.

She serves as Vice Chair of the Senate Environmental Resources and Energy Committee, and as a member of the Senate Community, Economic and Recreational Development Committee; Senate Consumer Protection and Professional Licensure Committee; Senate Transportation Committee; and Senate Urban Affairs and Housing Committee.

Camera also co-chairs the Senate Gas and Oil Caucus, a bipartisan legislative body that focuses on issues impacting the gas and oil industry with the goal of promoting policies resulting in a positive future for constituents, the business community and state economy.

In her first two years in office, Camera authored several new laws, including legislation to protect Pennsylvania's fresh water supplies by ensuring the safe use of treated mine water in oil and gas operations; authorize the operation of Transportation Network Companies like Uber and Lyft in all 67 counties; and strengthen penalties for motorists who injure workers and emergency responders in construction zones. She also introduced a proposed amendment to the Pennsylvania Constitution to limit the future growth in state government spending.

Camera is an active member of the community she has called home for nearly three decades. She is involved with local chapters of the American Cancer Society, the American Heart Association, the United Way Board of Directors, the Leukemia and Lymphoma Society, the Cystic Fibrosis Foundation and Gilda's Club of Western PA. Camera is also a member of the Saint Damien of Molokai Catholic Church.

Family is a great source of pride in Camera's life and motivates her civic engagement. Her daughter, Devin, is an award-winning news reporter, producer and anchor in Baltimore. Her son, Dante, is pursuing a career in the military. Her stepdaughter, Danielle, and son-in-law, Matthew, are successful business owners in Florida. Her stepson, Damon, is a steamfitter and lives in Belle Vernon with his wife, Laurie.

Cheryl and Sydney,

I hope you both are doing well. As you may remember, the Administrator was not able to attend this meeting with Gary Heminger on June 20 and despite your great effort to find a replacement date we could not get the Administrators or Gary's schedule to line up. We recently learned that Mr. Heminger will be in Washington, DC on September 19 and 20. Would the Administrator be available on September 19 for a 4pm or later meeting? If that does not work, Mr. Heminger also has some availability on 20th, but preferably in the afternoon.

Thank you in advanced for your consideration and please let me know if you need additional information.

My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on Tuesday, June 20th at 5 pm. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all.

Directions: EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, **which is between Pennsylvania and Constitution Avenue**. It is almost exactly half way between the two avenues on with Federal Triangle Metro sign and Trump Hotel Towers side entrance can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the **South Lobby of the William Jefferson Clinton building.**

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and

then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Millan,

We regret that the Administrator was not able to visit our Mercedes facility during his recent trip to Alabama with Senator Strange. On September 21, we are celebrating our 20th year of production in Alabama and would like to invite the Administrator to participate. In addition to celebrating the past, we plan to announce a significant expansion of the facility including production of environmentally friendly products and the supporting components. We have also extend an invitation to Vice President Pence and would love to have the Administrator there as well.

Please do not hesitate to contact me or Joanna Foust with questions or requests for additional information. Thank you in advance for considering the request.

Dear Administrator Pruitt,

The Mercedes-Benz plant in Tuscaloosa, Alabama, this year celebrates *"20 Years of Production* and we are also nearing completion of our $1.3 billion expansion to support launch of our next generation of vehicles. We are on the threshold of a transformation that goes far beyond drive systems. There are major changes and exciting times ahead for MBUSI as we translate opportunities into genuinely fascinating vehicles. Our future has never looked brighter.

Our plant stands strong with 3,600 Team Members, with more than 7,000 people entering our gates daily to support operations, and a production capacity of 300,000+ vehicles annually. We extend an offer to you to join us in an event to celebrate both our past and future:

Mercedes-Benz U.S. International, Inc.

Celebrates 20 Years of Production

&

The Future of MBUSI

September 21, 2017
Tuscaloosa, Alabama

Our decision to establish the first plant for the production of Mercedes-Benz passenger vehicles outside Germany in Tuscaloosa was not only a far-reaching strategic decision, but also a move that helped set the course for the future development of the automotive industry in the Southern United States. Our Celebration will take place on Thursday, September 21st here at our plant:

11 a.m.	Press Conference
2:30 p.m.	A companywide meeting with our Team Members
5 p.m.	Community Celebration on the grounds of the North River Yacht Club in Tuscaloosa

If you are interested in joining us, please contact Joanna Foust in the Daimler Washington office at tel.: 202-649-4506. Our Daimler Washington office will send you further information on the program in advance of the event. We hope you can join us in Tuscaloosa.

Hi Stephen,

Thanks for
being
patient with

believe we
are set for
the 10th,
and we are
planning on
sometime in

They will
circle back

I appreciate
your help,

found
something
that
worked!

open for
August 10
to host
Administrator
Pruitt. I'm
not going to
be able to
keep the

longer. Can
we finalize
the date and
time? We
would very
much like to

host him.
It's less

Sure. Can do.

Also, the site has asked me for boot sizes for the visitors.

Can let me know as soon as you can – how many people will be coming, Mr. Pruitt, his staff, his security, and their boot sizes? US sizing is fine. I realise this might take some time.

Everyone on site including security will need to wear PPE (metatarsal boots, vests, safety glasses and carry gloves), we will have all these for them but will take a few days to order the boots so that they are here in a week.

Lastly, they will also need to wear long sleeve shirts and pants. Most folks were jeans, but khakis are fine as well.

Many thanks

Subject: Metro Visit Options

Millan--

Here is a draft Metropolitan mine tour itinerary for Mr. Pruitt. We project five hours including travel from Sydney -- leaving at 8:30 and returning by 1:00 pm.

This involves a surface tour only and a brief presentation highlighting the story about a mine in the outskirts of Sydney that coexists with the local community. We think it will be an interesting perspective to show Mr Pruitt.

If Mr Pruitt is interested in an underground visit, it can be accomplished but will add considerable time (3 hours). We are

happy to accommodate an underground visit if this is important to Mr Pruitt.

Let me know what you think. Many thanks

-Ray

Thank you so much!

Jahan,

Attached please find an email promo and a print postcard we would like to send out to the SIGMA membership (only SIGMA members) regarding Administrator Pruitt's appearance at the 2017 SIGMA Annual Conference in Chicago on November 8th.

Additionally, we would like to incorporate the following description in our program book that will be available to conference attendees onsite:

A Conversation with EPA Administrator Scott Pruitt

In an exciting opening to the SIGMA Annual Conference, join us for a conversation with Scott Pruitt, Administrator of the U.S. Environmental Protection Agency. Hear his perspective on EPA 's tremendous efforts to assist our industry in keeping the fuel supply flowing in the aftermath of Hurricanes Harvey and Irma. Hear his insights into the current issues surrounding our industry today, from regulatory policies to renewable energy. Don't miss this unique opportunity to hear directly from Administrator Pruitt on the state of the Environmental Protection Agency and what it could mean for the future of our industry.

We are eager to let our members know that Administrator Pruitt will be joining us, so please let me know if these promo items are approved.

Finally, I would like to discuss how you would prefer us to handle trade press who will be in attendance. If you would like his conversation to be off the record, I will notify them ahead of time and we will also make that announcement in the room before he begins.

Happy to discuss by phone – likely easier than via email.

Thanks Amy. Looks good.

One thing in your notes… Jimmy Brock is the CEO of CNX Coal Resources (the operator of the coal segment)… essentially a subsidiary of CONSOL. For media purposes we'd ask that it is listed as CNX Coal Resources, as opposed to CONSOL to keep from confusing with natural gas business unit.

Here's directions from Rt 18 heading south from Washington, PA just so you have them.. I know I sent to Millan for advance, but for your press shop to have for media inquiries, just in case.

ALTERNATE DIRECTIONS:

From 18 take a right onto Webster Road follow this road for approximately 4-5 miles. You will get to a T in the road which will have a sign going towards Nineveh or Graysville. Take the left towards Nineveh. You will see the detour signs on this road and will be on this for approximately 1000 feet. Veer right onto McCollum Rd. continue on this road for approximately 2 miles. At this point you will come to a stop sign continue to go straight. The Harvey Mine Portal entrance will be on the left.

Zach and Jerry – Per our discussion this morning, below is the media advisory we are sending to targeted media. We are having folks RSVP to receive more information on time and location. Please keep a close hold on this until further notice.

Also, a couple of other updates - the Administrator is now arriving at noon on Thursday so we are pushing things up and changing them around just a bit. Press will now be invited to get a photo spray at the beginning of the lunch in addition to the press portion of the event, so we will want to be sure there are miners in uniform participating in the lunch. Here is the updated line by line for Thursday's movements:

- **12:00 PM EST Administrator Pruitt arrives**
- **12:00 – 12:30 AM EST Discussion with coal miners and media availability, open press.**
  - **Greeting with 75 – 100 coal miners**
  - **Introduction by CONSOL CEO Jimmy Brock**
  - **Administrator Pruitt speaks**

- **Congressman Tim Murphy speaks**
- **Presentation of hard hat**
- **Jimmy Brock concludes remarks**

- **12:30 – 1:30 PM EST Private roundtable lunch with stakeholders, press spray at beginning of the lunch.**
- **1:30 – 2:00 PM EST Safety training and gear up, closed press.**
- **2:00 – 3:45 PM EST Underground mine tour, closed press.**
- **3:45 PM EST – Depart**

Don't hesitate to give me a shout if you have questions about any of these details.

Thanks,

Amy Graham

EPA ADMINISTRATOR TO VISIT PENNSYLVANIA COAL MINE, LAUNCH *BACK-TO-BASICS* AGENDA

SYCAMORE, Pa. – U.S. Environmental Protection Agency Administrator Scott Pruitt will speak with coal miners at the Harvey Mine in Sycamore, Pennsylvania on Thursday, April 13, to kick off EPA's *Back-to-Basics* agenda. The *Back-to-Basics* agenda refocuses the EPA on protecting the environment, promoting economic and job growth, and returning power to the states.

Administrator Pruitt will speak with coal miners about the President's recent Energy Independence Executive Order, which directs EPA and other federal agencies to review the Clean Power Plan and revise regulatory barriers that impede energy independence, including unnecessary burdens on coal miners and coal-fired electric utilities.

"What better way to kick off the EPA's *Back-to-Basics* agenda than joining hard-working coal miners who help power America. The coal industry was nearly devastated by years of regulatory overreach, but with new direction from President Trump, we are turning things around for these miners and for many other hard working Americans," **said Administrator Pruitt.** "I look forward to launching my *Back-to-Basics* agenda in Pennsylvania as we work to return EPA to its originally intended mission of protecting the environment without hindering job growth."

Members of the media who plan to attend this event must RSVP by emailing pressrsvp@epa.gov no later than 5:00 p.m. on Wednesday, April 12.

WHO: Administrator Pruitt and coal miners at the Harvey Mine – Patterson Creek Portal

WHAT: EPA kicks off *Back-to-Basics* agenda

WHEN: Thursday, April 13, 2017

WHERE: Harvey Mine, Sycamore, PA 15364

NOTE: For more details on timing and location, credentialed members of the media must RSVP.

Hi guys. This is the form I filled out for the September 12 meeting. Although the sept 14 salon dinner has been postponed and as we've discussed before Mr. Knell hopes to maintain this appointment as a way to meet Administrator Pruitt and develop a relationship. Mr. Knell has a strong desire to be supportive to the Administrator on

behalf of National Geographic. The salon dinner was postponed to Q1 of 2018 so that the Board of Directors for National Geographic can attend the event. Here is a link to nat geo's board: https://www.nationalgeographic.org/leadership/board-advisors/ . I just noticed that Brendan Bechtel is a member. Administrator Pruitt knows the Bechtel family from visits to their San Francisco office while he was AG. Brendan's grandfather Stephen Bechtel jr. was chief executive over he Hoover Dam project while also President of Bechtel. Amazing 119 year old family business . Also Jean Case is chairman. She is a former exec at AOL and her husband Steve Case was a co-founder of AOL. Very good board.

To Tate's point, the Administrator often will not eat at meetings but of course would take no offense to your bringing in lunch for the rest of the group. We shall leave that up to you.

My colleague Forrest, copied here, will travel into Dallas on Wednesday, the 9th and will likely reach out to you in hopes of scheduling a time to do a walk-through of the location.

Kindly let us know if there are any outstanding items we can address for you at this time. We look forward to meeting you next week.

Thank you so much,

First hour: Tour of new campus with emphasis on environmental sustainability components.

Second hour: Time with 5-8 Toyota executives to discuss issues ranging from the state of the auto industry, development and deployment of alternative fuel vehicles, CAFE, California ZEV mandate and any other issues of interest to the Administrator.

If needed, we could cut both segments down to 45 minutes.

Hi Stephen,

Thanks for being patient with us as we figure out the schedule. I believe we are set for the 10th, and we are planning on sometime in the morning. I wanted to loop in Tate Bennett she heads up our External Affairs and Millan Hupp who heads up our Advance and Scheduling. They will circle back with you for more details.

Maddy,

I have some Toyota executives holding their calendars open for August 10 to host Administrator Pruitt. I'm not going to be able to keep the calendars held much longer. Can we finalize the date and time? We would very much like to host him. It's less than two weeks from now, so I'll need a time to be sure we can be proper hosts! Thanks.

Hello Maria,

It was nice connecting with you. Attached is the form we discussed to complete for the February Fed Soc event in Florida. Millan and I will review when we receive it and let you know if we have other questions. We also will want to set up a call with the event organizer (not sure if that's you?) to discuss other items related to the event before we officially confirm. One item in particular we'll be looking for information on is how this event will be advertised. We would appreciate the Administrator's name not being included on any materials until we have this conversation.

Thank you and we look forward to hopefully having him keynote this event!

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Hi Millan and and Maddy - Just confirming these 3 items so can make travel bookings. Thank you very much and Millan hope the travel back from Australia

went smoothly.

September 12 – Meeting with Gary Knell (CEO of National Geographic http://press.nationalgeographic.com/biographies/gary-e-knell/) & Jessica Garrison, 2pm, EPA office.

Sept 14 – 6:30pm Meet and Greet dinner with Jessica Garrison & Eileen Stuart (VP of Mosaic), also invited - Tate Bennett, Marlyn Pruitt, anyone else Admin Pruitt would like to join. Just let us know so we can update reservations. Have reservations on hold at Metier, Plume, Capital Grille, and Piccolo

Sept 14 - National Geographic Salon Dinner **postponed** to Q1 of 2018 so that the board of directors can attend. Here is a link to nat geo's board: https://www.nationalgeographic.org/leadership/board-advisors/ . I just noticed that Brendan Bechtel is a member. Administrator Pruitt knows the Bechtel family from vists to their San Francisco office while was AG. Brendan's grandfather Stephen Bechtel jr. was chief executive over Hoover Dam project while also President of Bechtel. Amazing 119 year old famliy business . Also Jean Case is chairman. She is a former exec at AOL and her husband Steve Case was a co-foudner of AOL. Very good board.

Hello Millan,

Washington Policy Center (WPC), a non-partisan, state-based think tank in Washington state would like to invite Administrator Pruitt to be the keynote speaker at our upcoming Annual Dinner in Spokane on September 27, 2017. As you may recall, we have been working to find an event in Washington state for Administrator Pruitt to participate in and we think our Annual Dinner with over 1,000 attendees would be of interest to him. We will also honor him with our Columbia Award at the event for his role and leadership in enacting sound environmental policy at the state and national level.

Our official invitation is below.

Please let me know if you have any questions at all. We sincerely appreciate his consideration of our invitation and look forward to hearing back from you at your earliest convenience.

Thank you,

Katie

Dear Administrator Pruitt:

Washington Policy Center – one of the nation's leading independent, non-profit think tanks based in Washington state – would like to honor you with our 2017 Columbia Award at our Annual Dinner event this fall.

The award is our organization's highest honor – and we cordially invite you to accept it and be the keynote speaker at our gala dinner event to be held in **Spokane, Washington** on **September 27, 2017**. We anticipate more than 1,000 will be in attendance at this gala dinner – one of the largest of its kind anywhere in the country – including lawmakers, business and community leaders, young professionals, and concerned citizens from across our state.

The Columbia Award is WPC's highest recognition in support of free-market principles and our mission to improve lives through free-market solutions. It is awarded to a national figure that exemplifies what the Columbia River embodies; a mighty river that spans Eastern and Western Washington, symbolizing both natural resources and resourcefulness of the human spirit. We would like to honor you with this award for your leadership to enact sound environmental policy at the state and national level.

Washington Policy Center will be honored to host you and cover all first-class travel costs for

you and a staff member or guest.

Year-in and year-out, WPC's Annual Dinner events are a must-stop for the nation's top policy leaders. Last year's Eastern Washington Annual Dinner featured Defense Secretary Gen. James Mattis and Dr. Charles Krauthammer. Past recipients of the Columbia Award include Wisconsin Governor Scott Walker, former Defense Secretary Robert Gates, former Florida Governor Jeb Bush and former Indiana Governor Mitch Daniels.

Washington Policy Center is a non-profit, non-partisan think tank similar to the Oklahoma Council of Public Affairs, the Heritage Foundation and American Enterprise Institute. Our research and education advance the public debate and develop innovative public policy solutions. Our studies, policy briefs, events and conferences focus on issues, such as education reform, reducing the size of government, supporting free-market health care reform, lowering taxes, providing commonsense environmental solutions, and lessening the regulatory burden on citizens and businesses.

Over the past few years, dozens of our ideas have been passed by the legislature and signed into law. Citizens depend on our analysis to make decisions on our state's pressing public policy matters. Our work is featured in the media an average of over seven times a day and has been covered by national media including Forbes, *USA Today*, CBS News, Fox News, and *The Wall Street Journal*.

Thank you for your consideration of our request. We hope to hear from you at your earliest convenience so we can begin planning your visit to our state's second largest city. We can be reached at (509) 570-2384.

Subject: Invitation to Present at AAPCA's Spring Meeting, April 4 - 6 in Lexington, KY

Administrator Pruitt,

On behalf of the Association of Air Pollution Control Agencies (AAPCA), thank you for the recent opportunities to engage with U.S. EPA and provide feedback on critical Clean Air Act issues. AAPCA is a consensus-driven organization focused on assisting state and local air quality agencies and personnel with implementation and technical issues associated with the federal Clean Air Act. The Association represents more than 40 state and local air agencies, and senior officials from 20 state environmental agencies currently sit on AAPCA's Board of Directors. AAPCA is based in Lexington, Kentucky as an affiliated association of The Council of State Governments (CSG).

We are writing to invite you to attend and present at AAPCA's 2018 Spring Meeting, which will be held in Lexington, Kentucky from April 4 – 6. More information is available in the enclosed invitation from 2018 AAPCA President Stuart Spencer, Associate Director of the Arkansas Department of Environmental Quality, and 2017 AAPCA President Sean Alteri, Director of the Kentucky Division for Air Quality. Regular attendance by senior U.S. EPA officials at Association meetings has been greatly valued by our membership. AAPCA's 2017 Fall Business Meeting included participation from over 150 attendees, including senior air officials from more than 30 state and local environmental agencies. Participants also included nearly 40 U.S. EPA staff from the Offices of Air and Radiation, Research and Development, Inspector General, and Enforcement and Compliance Assurance, as well as several EPA regions. Our members would be especially interested in hearing from you and your staff about recent and forthcoming Clean Air Act issues, cooperative federalism, and opportunities to work together on issues like NAAQS nonattainment, interstate transport, air toxics, and resource priorities.

Please let me know if you have any questions about AAPCA's 2018 Spring Meeting, or if we can serve as a resource on any Clean Air Act issues in the future.

Thanks so much for your consideration, and we look forward to seeing you in Lexington!

Yes, those are still our issues. Attendees are:

Larry Huddleston, Vice President-Commercial

Dirk Cockrum, Vice President-Environment, Safety and Health

Tom Hutchins, Vice President-Environment, Safety and Health

Dave Conover, Vice President-Corporate Communications/Public Affairs

We will have a brief desktop presentation to guide the conversation. Would it be helpful to email that in advance? Thanks again and best wishes, Dave

Hi Dave,

Great! Yes, can you provide a list of attendees who will be coming with you, along with their titles? We will make sure security has their names for an expedited arrival.

Additionally, have your topics of interest changed since your original request? I've listed below what you previously sent. Just to set expectations, the meeting will be 30 minutes, so wanted to confirm your top issues that you'd like to discuss with the Administrator. We'd be happy to follow up with any others post-meeting at a staff level.

- NSPS OOOOa rule-making
- Superfund cleanup sediment policy
- American Burying Beetle/ESA issue and its impact on the oil and gas sector
- EPA participation in FERC-led natural gas project permitting NEPA analyses

I've also copied Cheryl Woodward on this message who can send you arrival details.

Thank you and we look forward to your visit!

Good morning! Just wanted to follow up on this request to see if there's any possibility for a meeting this month or next with Administrator Pruitt. My original request was for next week, but obviously we will attend at the Administrator's convenience. Just to remind, I am making the ask on behalf of our Tulsa-based Midstream Commercial Vice President, Larry Huddleston and two of our Vice Presidents for Environment, Safety and Health, Dirk Cockrum and Tom Hutchins. The topics for discussion on our side would be the NSPS OOOOa rule-making, Superfund cleanup sediment policy, the American Burying

Good afternoon,

I work for Commissioner Toby Baker at the Texas Commission on Environmental Quality. We are a state agency that strives to protect our state's public health and natural resources consistent with sustainable economic development. Our goal is clean air, clean water, and the safe management of waste. We understand that Mr. Pruitt and Mr. Baker will both be at the TXOGA dinner event on Thursday, October 19th. After speaking with Mr. Ken Wagner yesterday when he joined us for lunch; we thought it might be possible for Mr. Baker and Mr. Pruitt to talk at this event. Can you let us know if Mr. Pruitt will have time before or after the dinner to talk to Commissioner Baker? Or if, October 20th, the following morning for breakfast or early lunch would work for him, we can make that work as well.

Thank you,

Hi Milan:

Judge Stephen Larson (whom the Administrator knows) and Scott Sommer of Larson O'Brien and Bill Hunt of the Orange County Water District could be in D.C. on October 5, 11, 17, or 18. They were scheduled to be at the Administrator was going to do in California and hoped to brief him on the Superfund site in Orange County. So they would greatly appreciate doing so in D.C. Do any of those dates work for the Administrator?

I'll be back in U.S. in ten days and will call re dinner with the Pruitt's and Betsy and me when I return but calendars being what they are I thought I'd try and get Judge Larson on the schedule.

A few more bottom line points that I think is helpful:

When NPR fired Juan Williams, then CEO and conducted search.

NPR hired Gary Knell. Gary removed most of the NPR board and began reforms to ensure NPR was balanced in coverage.

Gary was on Board of Nat Geo. They recruited him to be their CEO.

Gary personally brokered a critical deal with Rupert Murdoch to buy and provide capital to Nat Geo mission.

He is a great, smart, stand-up guy that wants to find common ground with EPA on water security and provide a dialogue on other environmental issues of interest to Adm Pruitt and to Nat Geo.

Hello Dave,

I apologize for the delay in responding to your initial request, but I would be happy to set up a meeting with Administrator Pruitt at our EPA Headquarters in DC. This may be late notice, but we could do the meeting at 4:45PM next Thurs, Dec 7. Would that work for your group?

Thank you and I look forward to hearing back!

Good morning! Just wanted to follow up on this request to see if there's any possibility for a meeting this month or next with Administrator Pruitt. My original request was for next week, but obviously we will attend at the Administrator's convenience. Just to remind, I am making the ask on behalf of our Tulsa-based Midstream Commercial Vice President, Larry Huddleston and two of our Vice Presidents for Environment, Safety and Health, Dirk Cockrum and Tom Hutchins. The topics for discussion on our side would be the NSPS OOOOa rule-making, Superfund cleanup sediment policy, the American Burying Beetle/ESA issue and its impact on the oil and gas sector, and EPA participation in FERC-led natural gas project permitting NEPA analyses. As one of the largest energy infrastructure companies in North America, we would also be happy to discuss anything on the Administrator's mind. Thank you for your consideration and I look forward to hearing from you.

Best wishes, Dave

Hi Rhonda, I see a mistake. Remember I called to cancel out Lincoln Ferguson all together and to add Millan Hupp in the Broadmoor from 10/3-10/5? Thanks

Remember below:

Hi Gail,

The Broadmoor was pretty quick. No problem on the change, confirmation below:

HUPP	MILLAN	10/3/2017	10/5/2017	6J255

The only person in the Cheyenne Resort is Amy Graham. Thanks again!

Good Afternoon Gail & Millan,

Please find below the confirmation numbers for your team. I met with the Broadmoor earlier today and reviewed the space for the event. I was also able to meet with Greg Maxwell who is currently Assistant Director of Loss Prevention but will be in charge of Loss Prevention starting next week. His contact information is gmaxwell@braodmoor.com or 719-471-6371.

The Broadmoor did ask if there is anything we need to place in the Administrator's sleeping room such as specific brand of K-cups for coffee, etc. Please let me know.

Administrator Scott Pruitt	EPA	4-Oct	5-Oct	Broadmoor	YKR35	VIP
Lincoln Ferguson	EPA	4-Oct	5-Oct	Broadmoor	6J255

	EPA	3-Oct	5-Oct	Broadmoor	YCHRM	Advance Agent
Ms. Millan Hupp	EPA	3-Oct	5-Oct	CMR	352925559	Director of Scheduling and Advance
Amy Graham	EPA	3-Oct	5-Oct	CMR	352925731	

I believe at this point the only thing I need from you is ETAs once you have and credit card information. Please let me know if I owe you any additional information.

Have a great end to your Monday.

Hi Millan & Gail,

It was great speaking with both of you as well as Juanita and

checking off several items.

The Director of Security at the Broadmoor is Mr. Wayne Hoskins whoskins@broadmoor.com or 719-577-5703 direct. I will also reach out him and let him that you will be contacting him.

Attached is the layout of times and rooms at the Broadmoor as well as a meeting space layout PDF. All of the events that morning will be in Broadmoor West.

Once I have the confirmation numbers I will forwarded to your attention.

My cell number is 719-660-1380. Please call if you need anything. As I mentioned earlier, my plan on the 5th is to be a the Broadmoor by 7:30am but I am available earlier if we need to change that.

Rhonda,

Good morning to you. We are very much looking forward to this visit in a couple weeks and truly appreciate your kind hospitality.

I will be managing the logistics and details for the Administrator's visit. I'll also be able assist in initiating the conversations on security.

I will join Gail on her call to you so we may work through some of these items.

Thank you so much,

Hi Gail,

I am finally able to get back with you with more concrete answers.

Regarding the Broadmoor: The rate is $330.00 per night. I would be able to allocate 5 rooms to you at the Broadmoor. Would you be booking with them directly to set up names and payment?

I have 4 rooms available at the Cheyenne Mountain Resort.

They are extremely tight on the 3rd and the rate would be $199.00 with first night's deposit at the time of reservation. Seven day cancellation applies here.

Do I handle the security details with you or do you need the name of the individual in charge at the Broadmoor? Last question. Do you handle his personal logistics i.e. dinner on the 4th or is that someone else? My CEO, Renee Zentz, is inquiring.

Thank you!

Good afternoon.

I'm the Sr. Director of Public Policy for the Petroleum Equipment & Services Association (PESA) which represents the oilfield service, supply, and manufacturing sector. Our 200 member companies span the sector's entire supply chain, including firms like Halliburton, Vallourec, Schlumberger, and Baker Hughes, a GE company.

I'm following up on a letter that was sent to Administrator Pruitt from Schlumberger VP, Government & Industry Relations Dan Domeracki inviting the Administrator to address executives from our member companies at PESA's Executive Fly-In on September 27 or 28.

If you can let me know the name/number of the person in the Administrator's office I should check with, I'd be most grateful.

Kind regards,

Sydney & Aaron,

Sorry for the slow reply, I was on the Hill most of the day.

For the week of the 15th, there's several open dates: May 15, 18, and 19. I'd recommend against Friday the 19th, as it's harder to draw audiences at the end of a Friday.

Those three dates work for events in the late afternoon, early evening. If you'd like to do morning or midday, let me know, and I'll get more dates.

Dear Sydney,

Thanks again for considering the Hoover Institution's invitation. In the meantime, the American Bar Association would like to invite a member of Administrator Pruitt's team to participate in a panel discussion at an upcoming conference in DC, on May 19. It would be a panel discussion on federalism and federal policy.

Is there a form that the ABA should complete and submit?

(I'm the middleman on this because I happen to serve on this ABA committee, which asked me to submit and invitation.)

Tate,

The Governor would like to do an early working lunch. The meeting can begin at 10:30 a.m. and then an early lunch at 11:00 a.m. Would that work with Administrator Pruitt's schedule?

Including the Attorney General and the Ag Commissioner will be fine. I'm happy to reach out to their office.

Thanks!

Do you mind if we include, in addition to the DEQ, the AG and Ag Commissioner as well? If that is ok, we are happy to reach out and relay the meeting information or your office can. Defer to you on how best to handle.

Thanks! Millan, can you provide the other requested information?

External Meeting Request Form.docx

Thank you, Jayme and Maddy.

I am forwarding the form to Neal Carlton, TXOGA's Director of Membership, and have cc'd Mari Ruckel, our VP for Government Affairs, and Kristen Fuchs. Neal will ensure the form is completed and returned today. We previously sent a letter with all the details and I suggest Neal attach with this document of yours.

TXOGA is the state's oldest and largest trade association representing every facet of oil and gas including upstream, midstream and downstream. All sectors would benefit greatly from Administrator Pruitt being able to attend and are hopeful it aligns with his schedule. Our nation's largest operators will be in attendance along with smaller regional and Texas companies. It is really a good mix and is an important gathering worthy of the Administrator's time.

We are needing to finalize our agenda for printing purposes. Do you think it possible we could get a decision this week?

This is the largest of our annual events and really the best one to attend. Should the Administrator need a different venue, we can certainly arrange one to fit his schedule and build attendance associated with it but this one is the most prominent.

Thanks for your consideration.

Jayme,

Thank you very much for the follow up. Yes, I did receive your email and I am so sorry to have not let you know. We've been on the road since I spoke to you but this is certainly something in which

the Administrator would be interested in participating. I have copied his scheduler, Maddy Morris, on this email as she would be glad to work with you to determine the best fit.

You had mentioned that if we could not make October 2o work then there may be another opportunity to spend time with your folks. Could you kindly let us know what those opportunities might be?

Additionally, we always welcome suggestions with regards to our ongoing outreach to stakeholders and other groups. We are hopeful to spend some time in Texas in the near future.

Thank you,

Millan,

Thanks for visiting with me about the possibility of getting your boss to Houston for TXOGA's annual meeting! I've forwarded the email below with a link to TXOGA so you can see more of the details. I confirmed that there will be 250-300 at the luncheon, which is the keynote and preferred time slot for him to speak on October 20. Of course, they would happily rearrange the schedule to accommodate him, if another time that day is a better fit. Also, there is a dinner the night before that we could make work; however, that will be a smaller crowd. The attendees are high level oil/gas folks, including several CEOs and Texas elected officials. Past speakers have included both Presidents and Laura Bush, Rudy Giuliani, Alan Greenspan, to name a few.

Other speakers on this year's program are CEOs of Pioneer and Enterprise Products. Other companies in The Woodlands are Anadarko and Exxon Mobil and I wouldn't be surprised if those CEOs don't also show up, if Scott is on the agenda. I can also get you the heads of government affairs at any of the companies that could schedule private

meetings with their CEOs, if he has a desire for any meetings of those kind. I used to work for Shell and I'm happy to facilitate a meeting there with CEO Bruce Culpepper, if he has any interest.

I've attached the original letter from TXOGA CEO Todd Staples, as well. Let me know if you have any questions, or feel free to get in touch with Todd directly. Thanks for your help and I hope to meet you sometime soon!

SESSION II – Where is Liberalism Going?
The Obama Presidency was not good for the Democratic Party. The party not only lost more than 1,000 seats nationwide, it also veered farther to the left. By doubling down on identity politics, it has become even more illiberal and even more hostile to the American way of life. Where will liberalism and the Democratic party go from here?

Dear Aaron,

Please see below our draft invitation for Administrator Pruitt's event. Let us know by COB Friday if you would like changes. We would like to begin promoting this early next week. If you have people you would like us to invite please send along names and email addresses. Additionally, I am looping in our public affairs office (Maria) for any media you might want to include.

Just to confirm, this event will be live streamed, on the record. A video will also be posted to our website after the fact. If this is of any concern to your office let me know.

Lastly, as we get closer to the date let me know about any special arrival, hard stop time, etc.

Anything else just let me know.

We look forward to hosting Administrator Pruitt.

Opening Arguments: Conversations on American Constitutionalism

Returning to "EPA Originalism": A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017

5:00 - 7:00 PM

Hoover Institution

1399 New York Avenue, NW, Suite 500

Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Mr. Scott Pruitt, Administrator
Mail Code 28221T
1200 Pennsylvania Ave. NW
Washington, DC 20460

Dear Mr. Pruitt;

Congratulations on your appointment as Administrator of the Environmental Protection Agency. I am the President of the North Dakota Petroleum Council (NDPC) and wanted to take this opportunity to tell you about the overreach of the prior administration that continues to affect NDPC members. Under the previous administration, EPA initiated sweeping Clean Air Act (CAA) Section 114 information requests and threatened company-ending sanctions under the CAA against oil companies operating in North Dakota. EPA's style and process were often contrary to the North Dakota Department of Health's (NDDoH) alternative approach to Clean Air Act Enforcement. In the one consent decree that EPA completed before the election, North Dakota refused to sign the final decree, even though NDDoH had participated fully in months of EPA driven negotiations with the operator. The North Dakota approach produced industry-wide results that immediately benefitted the environment in a shorter timeframe, with substantially less cost and included continued future compliance opportunities. Unfortunately, despite the successful North Dakota effort, we continue to see EPA focused on an aggressive, federal-only approach adopted under the earlier administration.

We respectfully request, consistent with your recent internal directive and President Trump's March 28, 2017 Executive Order, *Promoting Energy Independence and Economic* Growth, that you promptly review EPA's ongoing enforcement activities in North Dakota to determine whether they are consistent with your and the Trump Administration's approach to environmental protection and regulation.[1] We also ask that you seriously consider EPA's adoption of the NDDoH approach to Clean Air Act enforcement and take steps to amend, with court approval, the existing federal consent decree to add North Dakota (ND) so that the state continues to play an important role in protecting its environment. The attached documents describe the EPA Section 114 enforcement process, and contrasts it with the approach that North Dakota utilized. The information provided will show that ND achieved industry-wide compliance plus (above current regulations) in one-third of the time required by EPA to negotiate a settlement with one ND operator. NDPC believes that you will find this information of interest as you seek to make EPA a more effective and efficient agency, which works with states to implement, enforce and adopt resolutions that directly benefit the environment.

Please call or email with any questions you may have. We welcome the opportunity to discuss this with you and would be available to travel to Washington, DC if you feel it would be beneficial.

Thank you for your time and consideration.

Sincerely,

Ron Ness

Tate Bennett with EPA Public Engagement and Environmental Education here. I handle some of the Administrator's proactive agenda and site visits.

Just gave you a buzz, Lisa, but I wanted to follow up about a potential meeting for Administrator with your NYC Chapter or Chapter Leadership next Thursday the 28th of September(?). Administrator Pruitt will be in the area and would love to get together.

This could be a small or large gathering, and it would not preclude a future visit. Give me a shout when you can?

It was great meeting you this afternoon. I wanted to thank you all for your help. Also, I just wanted to let you know that Millan Hupp (202-380-7561) will be the advance lead for tomorrow morning. She will arrive ahead of the Administrator around 9:30am with a security agent. I have copied her on this email.

Lastly, Is there any way that you can send the list of the participating members of tomorrow's meeting?

Hi Nathan,

We are all good on our end and I have a hold on the calendar for 10am on the 22nd of May for the Administrator to speak at your event. Currently we have some flexibility on that time if we need to move around a little. Please let me know if any changes need to be made. Looping in Millan and Lincoln who will be working with you on further details throughout this process!

Thanks!

2017 Speaker Select List.pdf

Hi Millan,

It was great speaking with you earlier today. As we discussed, attached is an invitation from Dan Yergin for Scott Pruitt to speak at CERAWeek 2018, scheduled March 5-9, 2018 in Houston. I believe that Dan has already invited Administrator Pruitt to speak. The best days would be either Wednesday or Thursday, March 7 or 8. That said, we could accommodate almost any day that week. The format of his address would be the same as CERAWeek 2017.

We are excited at the prospect of Administrator Pruitt's participation at CERAWeek 2018. Thank you for the consideration. Please let us know if you need anything further at this point.

Kind regards,

Richard

Dear Mr. Pruitt,

I would like to extend to you a most cordial invitation to speak at CERAWeek 2018 – IHS CERA's annual Executive Conference in Houston, Texas, March 5-9, 2018. Your remarks would be very timely and of great significance for this influential gathering of top global energy executives and leading members of the policy, financial, industrial, and technology communities, as well as leading institutional investors.

As you know, CERAWeek is widely considered to be the most prestigious annual meeting of the world energy industry and has great impact on the global energy agenda. It has also been rated among the top five overall "corporate leader" conferences in the world. This year it included over 3,400 participants, representing 60 countries.

The conference would provide you with a unique platform to share your thoughts and perspective – and with a podium to communicate important messages that have lasting impact for the industry and beyond. The conference receives strong media attention and this year we had well over 300 media representatives from around the world.

The conference also provides a number of additional opportunities for small discussions and private meetings that are very constructive in terms of what is accomplished. I very much hope that you will be able to participate in what will be a landmark event. Your office can reply directly to me (daniel.yergin@ihsmarkit.com), or to my colleague Dianne Russell (dianne.russell@ihsmarkit.com).

Thank you for your consideration.

With kind regards and best wishes,

Daniel Yergin

Hey Jim-

Sounds like a good opportunity if the Admin is available that week. I'm copying our scheduling guru, Hayley Ford. Do you mind filling out the attached events request form and Hayley will be in touch when it gets a little closer to that date. Also, perhaps you can indicate on the form whether or not they would be willing to travel to EPA for a meeting?

Good morning Tate and Stephen,

Following up on the meeting a couple of weeks ago with Mr. Pruitt, I'm wondering if there's a chance he'd be willing to stop by our Government Affairs Committee meeting here in DC. Mostly it would be an opportunity for our association to personally thank him for his leadership on important issues for us such as WOTUS and pesticide re-registrations. There will be about 35 leaders from around the country in attendance.

Dear Aaron,

Please see below our draft invitation for Administrator Pruitt's event. Let us know by COB Friday if you would like changes. We would like to begin promoting this early next week. If you have people you would like us to invite please send along names and email addresses. Additionally, I am looping in our public affairs office (Maria) for any media you might want to include.

Just to confirm, this event will be live streamed, on the record. A video will also be posted to our website after the fact. If this is of any concern to your office let me know.

Lastly, as we get closer to the date let me know about any special arrival, hard stop time, etc.

Anything else just let me know.

We look forward to hosting Administrator Pruitt.

Returning to "EPA Originalism": A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017
5:00 - 7:00 PM
Hoover Institution
1399 New York Avenue, NW, Suite 500
Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Katie and Morgan,

It was such a pleasure to chat with you yesterday. We are very much looking forward to this visit on October 6 and look forward to further exploring a smaller meeting/roundtable with some of your execs as well. Also, just so you are aware, I am copying our Staff Advance lead, Forrest McMurray, and our Security Advance lead, SA John Mickle.

Forrest – we have agreed upon a one-on-one discussion with their CEO with controlled Q&A. I have also alerted them that the Administrator has a 1:55PM flight to his next location and they have generously agreed to assist us in ensuring that he is on the road to the airport (9 miles, 12 minutes) by 1:00PM.

Katie and Morgan -- please also note that I am copying Amy Graham in our press shop. She will be able to answer your initial press related questions as well as offer direction on the invitation you have provided.

Amy – Katie and Morgan are hopeful to invite local press and to begin inviting/promoting to members. I asked that they kindly connect with you first before doing so.

Thank you so much. I look forward to working with you both.

Hi Millan,

Thanks again for talking with us today, we are so looking forward to having Administrator Pruitt at the event!

I have attached the flyer that we would like to push out to our list. The people on the list are general membership of about 4,000 people. We also want to be sure it is okay to promote this on our social media, which mentions both Administrator Pruitt and Sen. Jeff Flake will be at the lunch. Let me know if this is okay to send out.

You will also see that the flyer has our different sponsors for the event.

Please feel free to reach out by phone or email with any thoughts or concerns, thanks!

Hello Bob,

I wanted to get back to you on this request. Unfortunately, the Administrator's schedule will not allow him to get out to Seattle for this event. However as I mentioned below, we would love the opportunity to have him address your group. If you happen to be in the DC area for a fly-in or other event in the future, please reach back out and we will try to make it work.

We wish you the best of luck on the event and hope that it is a success. Thank you for extending the invitation!

Hayley,

We are quite excited about the possibility of having the Administrator attend our annual meeting.

I also wanted to clarify that this meeting will only be in Seattle in 2018 and the only real flexibility would be to have it on Tuesday the 24th of April as opposed to Monday the 23rd of April 2018.

Thank you so very much for your direction in accomplishing this.

Hello Bob,

Thank you for your message and invitation to the Administrator. I was hoping that you could complete the attached speaking request form for this event so that we could capture additional information. I also noticed that in your letter you mentioned that if we couldn't accommodate a trip to Seattle, perhaps we could do the address at a different time or location. Does your group do an annual DC fly-in or do you have any other events that would also be possibilities? In the chance that we can't make it to Seattle for this, we would be interested in exploring other opportunities to get the Administrator in front of your group.

Please let me know your thoughts. Thank you and we appreciate you reaching out!

The members of AWPA would be honored and enthusiastic to have Administrator Scott Pruitt be our keynote speaker.

The American Wood Protection Association is a nonprofit consensus based body that benefits the building, home improvement, electric utility, railroad and other infrastructure critical industries.

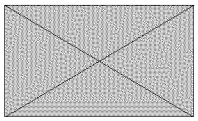
Subject: NAFTA's Investment Protections: Vital for U.S. Energy Security, Trade Benefits

Click to view this email in a browser



September 13, 2017

Dear Millan,

As negotiators prepare for the third round of renegotiation for the North American Free Trade Agreement (NAFTA), here's one consideration to keep in mind: The U.S. could supply virtually all of our liquid fuel needs from right here in North America as early as 2020. U.S. consumers are already enjoying the advantages of leading the world in production and refining of oil and natural gas. With resources from Canada and Mexico rounding out our supply, we're shielded even more from overseas disruptions that once frequently sent fuel prices on a roller coaster ride. Plus, Mexico and Canada are among the best customers for U.S. energy products.

Maintaining this stable supply of energy to and from our neighbors is one of the reasons it's so important to preserve key energy trade provisions in NAFTA.

With NAFTA's important zero tariff, trade liberalization and market access policies, U.S. energy resources flow to our neighbors, and profits flow back, generating job growth and stimulating even more production and economic activity like construction and manufacturing.

Investment made directly within Canada and Mexico to access resources and secure markets supports U.S. jobs. Essential to this investment is the assurance under NAFTA that companies will be treated fairly under local laws. Securing this investment protection with a strong investor-state dispute settlement (ISDS) provision is important as it extends several of the private property protections already found in the U.S. Constitution and U.S. law, including due process, non-discrimination, fair treatment by the government and compensation for the seizure of property. ISDS serves as a neutral arbitration system for enforcing these protections, safeguarding American investments.

ISDS protections are important to millions of small, medium and large companies across every major sector of the U.S. economy employing tens of millions of U.S. workers, and more than 100 associations representing U.S. businesses are teaming up to encourage the Trump administration to maintain these vital provisions as it renegotiates NAFTA.

NAFTA has been successful in supporting an integrated and interdependent North American energy market that enhances our energy security, creates jobs, provides consumer savings and increases global demand for U.S. energy products.

The Trump administration can modernize NAFTA for the 21st century; but maintaining successful provisions on zero tariffs, market access, trade liberalization and strong investment protection, will allow them to do so without jeopardizing energy trade flows that help keep energy affordable and secure for U.S. families and businesses.

We are urging the administration to include strong ISDS provisions in any new NAFTA and are asking Congress to hold them to this high standard.

Sincerely,

Jack N. Gerard

Kenneth Wagner 11/8 – 11/9

Elizabeth Tate Bennett 11/8 – 11/9

Millan Hupp 11/7 – 11/9 (Director of Advance)

Lisa, since the staff is currently on travel it's hard to get all of their credit card numbers. Would it be ok to hold them by the company and I will make sure that everyone swipes upon arrival. I do understand that the Administrator's will be paid for by American Chemistry Council for room and taxes only.

Would you also be able to send me confirmation numbers for each of the travelers and thanks again for your time and patience with this matter. If you have any questions or concerns, please don't hesitate to call me at 202 564 1444.

Subject: Cement Association MAY Meeting/Keynote Request

Hi Michelle,

I am sure you are super busy, but I wanted to reach out to you because the Portland Cement Association is hosting our annual Washington, D.C. Fly-In on **May 9th and 10th**. PCA represents 92 percent of U.S. cement production capacity and have facilities in all 50 states. Cement and concrete product manufacturing directly or indirectly employs approximately 500,000 people in our country, and our collective industries contribute approximately $100 billion to our economy. The D.C. Fly-In is attended by CEO's and senior company executives. This year we will also invited other concrete trade associations to participate as well.

PCA would be honored to have Administrator Pruitt as our keynote speaker on **Tuesday, May 9th** anytime from **6pm** on at our opening dinner at the 101 Constitution Roof Terrace. Administrator Pruitt is welcome to join us for dinner, or just come to speak, whatever is best for your schedule. Attached is an invitation with additional details. Should this time not accommodate your schedule we also welcome the Administrator at our breakfast on **Wednesday, May 10th** at the Washington Marriott at Metro Center anytime from 7:00am to 10:00am. Additionally, Cement CEO's would be able to come for a meeting on Tuesday, May 9th at 4pm.

Happy to answer any additional questions or concerns via email or phone: 202-679-8223. If you could let us know no later than April 26th that would be very helpful. Thank you again and enjoy the spring weather!

All My Best,

Subject: Invitation to Present at AAPCA's Spring Meeting, April 4 - 6 in Lexington, KY

Administrator Pruitt,

On behalf of the Association of Air Pollution Control Agencies (AAPCA), thank you for the recent opportunities to engage with U.S. EPA and provide feedback on critical Clean Air Act issues. AAPCA is a consensus-driven organization focused on assisting state and local air quality agencies and personnel with implementation and technical issues associated with the federal Clean Air Act. The Association represents more than 40 state and local air agencies, and senior officials from 20 state environmental agencies currently sit on AAPCA's Board of Directors. AAPCA is based in Lexington, Kentucky as an affiliated association of The Council of State Governments (CSG).

We are writing to invite you to attend and present at AAPCA's 2018 Spring Meeting, which will be held in Lexington, Kentucky from April 4 – 6. More information is available in the enclosed invitation from 2018 AAPCA President Stuart Spencer, Associate Director of the Arkansas Department of Environmental Quality, and 2017 AAPCA President Sean Alteri, Director of the Kentucky Division for Air Quality. Regular attendance by senior U.S. EPA officials at Association meetings has been greatly valued by our membership. AAPCA's 2017 Fall Business Meeting included participation from over 150 attendees, including senior air officials from more than 30 state and local environmental agencies. Participants also included nearly 40 U.S. EPA staff from the Offices of Air and Radiation, Research and Development, Inspector General, and Enforcement and Compliance Assurance, as well as several EPA regions. Our members would be especially interested in hearing from you and your staff about recent and forthcoming Clean Air Act issues, cooperative federalism, and opportunities to work together on issues like NAAQS nonattainment, interstate transport, air toxics, and resource priorities.

Please let me know if you have any questions about AAPCA's 2018 Spring Meeting, or if we can serve as a resource on any Clean Air Act issues in the future.

Thanks so much for your consideration, and we look forward to seeing you in Lexington!

Dear Aaron,

Please see below our draft invitation for Administrator Pruitt's event. Let us know by COB Friday if you would like changes. We would like to begin promoting this early next week. If you have people you would like us to invite please send along names and email addresses. Additionally, I am looping in our public affairs office (Maria) for any media you might want to include.

Just to confirm, this event will be live streamed, on the record. A video will also be posted to our website after the fact. If this is of any concern to your office let me know.

Lastly, as we get closer to the date let me know about any special arrival, hard stop time, etc.

Anything else just let me know.

We look forward to hosting Administrator Pruitt.

Opening Arguments: Conversations on American Constitutionalism

Returning to "EPA Originalism":

A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017

5:00 - 7:00 PM

Hoover Institution

1399 New York Avenue, NW, Suite 500

Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Millan,

Nice visiting with you this morning.

- Kate Zaykowski is our Communications Director and she is copied here if you would like to connect her with your press team. The Thursday evening portion of our event that the Administrator is at is not open to press. Her phone is 512-478-6631
- If you need overnight accommodations for Wednesday, 10/18, you can secure a discounted room at our meeting hotel. Call The Woodlands Resort at 800-433-2624 or 281-367-1100. Please reference the TXOGA group when making your reservation. I'd recommend making your reservation today.
- We'll plan on a walk through with you and your team on Wednesday, 10/18 at 3:00pm.
- Our agenda is attached or online at https://www.txoga.org/lonestarenergyforum
- We'll let you know of any updates on security after our call with the hotel this afternoon.
- Your day-of contacts are Neal Carlton (Personal Phone/Ex. 6 mobile) and Olivia Watkins (Personal Phone/Ex. 6 mobile)
- We'll email some topical questions for Q&A in the coming days.

We're just two weeks away and I wanted to circle back to cover logistics. We have him on our agenda from 6:30pm to 7:00pm in the Grand Ballroom. All attendees will be seated at round tables and salads will be served immediately following his remarks.

I understand he will need to be out the door right at 7pm but what time will he arrive on the property? Will he have a security detail with him and do we need to provide any additional information leading up to the event? Please share a day-of contact and let me know if you have any questions. Hi Millan,

We have adjusted our program slightly to fit in the Administrator at 6pm on Thursday, October 19th at The Woodlands Resort and Conference Center. We have a reception starting at 5:30pm in the Grand Ballroom Foyer and our Distinguished Service Awards dinner (honoring Concho CEO Tim Leach) at 6:30pm in the Grand Ballroom. Regarding format, our preference is 15-20 minutes of remarks with 5-10 min of Q&A. Given the 6pm timing, his remarks would be via podium mic or handheld mic in the Foyer to the reception attendees. Depending on where his 8:40pm flight is departing, would it be possible to push the Administrator's remarks to 6:30pm so we can have everyone in the Grand Ballroom and seated and we'll have him out the door by 7pm? We'll certainly make 6pm work but I

wanted to see if there is any flexibility so we can have everyone in a more private setting.

Maddy and Millan,

I understand there's still a possibility the Administrator may be able to join us at our event on Friday, October 20th. Is this accurate?

As you likely know, Texas has worked very closely with the EPA during the ongoing storm and aftermath. The help of the EPA has been instrumental to many of our member companies and their operations. The timing of our event and the attendance of the Administrator would be a perfect time to express our appreciation.

As a reminder, we do still have some availability on our agenda during our dinner the evening of Thursday, October 19th but Friday, October 20th would be ideal.

Thank you, Jayme and Maddy.

I am forwarding the form to Neal Carlton, TXOGA's Director of Membership, and have cc'd Mari Ruckel, our VP for Government Affairs, and Kristen Fuchs. Neal will ensure the form is completed and returned today. We previously sent a letter with all the details and I suggest Neal attach with this document of yours.

TXOGA is the state's oldest and largest trade association representing every facet of oil and gas including upstream, midstream and downstream. All sectors would benefit greatly from Administrator Pruitt being able to attend and are hopeful it aligns with his schedule. Our nation's largest operators will be in attendance along with smaller regional and Texas companies. It is really a good mix and is an important gathering worthy of the Administrator's time.

We are needing to finalize our agenda for printing purposes. Do you think it possible we could get a decision this week?

This is the largest of our annual events and really the best one to attend. Should the Administrator need a different venue, we can certainly arrange one to fit his schedule and build attendance associated with it but this one is the most prominent.

Thanks for your consideration.

Hello Hayley, Daisy and Millan --

Following up from our emails earlier this week.

Thought I'd just touch base to see if you had a better sense as to whether Administrator Pruitt's plans may allow him to come to the RER event at the Newseum, on Tuesday afternoon around 12:30.

Thanks, and have a great weekend--

Duane

Hi Duane,

Thank you for offering the below opportunity for the Administrator to meet with the Real Estate Roundtable. We have a few tentative items on the calendar prior to the Smart Sectors launch that day that we should get figured out in the next day or so. Once we do that, I will be back in touch and able to let you know if this could work. We'd certainly love to do it if we can. I'll try to get you an update tomorrow before you head out of the office.

Hayley and Millan -- I'm in the office tomorrow, but out on Friday.

As our event at the Newseum is next Tuesday, should we touch base tomorrow to see if this indeed works on the Administrator's calendar?

Perhaps a call at 9:30, 10:30 or 11 am tomorrow to touch base? If yes, let me know which number I should call to reach you.

Or, you can call me this evening on my cell at Personal Phone/Ex. 6

Many thanks,

Subject: Follow-Up from RER -- Invite for Our Oct 3 Lunch Meeting

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow

up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Subject: Smart Sectors + Launch Event w. Adm Pruitt Invite

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be

publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

Daisy C. Letendre

Good morning again Lisa, I think I have all the names now and Im sorry if it might be one or two more than expected. Let me know if there is any trouble accommodating in the same area as I can tell you who need to definitely in the same complex as the Administrator.

Edward Scott Pruitt 11/8 – 11/9

Ryan Jackson 11/8 – 11/9

Kenneth Wagner 11/8 – 11/9

Elizabeth Tate Bennett 11/8 – 11/9

Millan Hupp 11/7 – 11/9 (Director of Advance)

Lisa, since the staff is currently on travel it's hard to get all of their credit card numbers. Would it be ok to hold them by the company and I will make sure that everyone swipes upon arrival. I do understand that the Administrator's will be paid for by American Chemistry Council for room and taxes only.

Would you also be able to send me confirmation numbers for each of the travelers and thanks again for your time and patience with this matter. If you have any questions or concerns, please don't hesitate to call me at 202 564 1444.

Happy Friday!!!!!

Subject: Energy Infrastructure: An Investment in America's Future

Click to view this email in a browser

August 16, 2017

Dear Millan,

America's natural gas and oil industry supports 10.3 million U.S. jobs, and our position as the world leader in production and refining of natural gas and oil has opened up new infrastructure opportunities. By building the pipelines, storage, processing and other infrastructure needed to keep pace with new production trends, we can create millions of jobs across a range of industries in all 50 states. These are good-paying, middle class-sustaining jobs that do not rely on taxpayer dollars.

The multi-state, multi-industry, bipartisan appeal of expanding energy infrastructure is illustrated by the range of leaders speaking out about its advantages:

> Nebraska Professional Fire Fighters Association President Darren Garrean: "First responders understand that Nebraska and our nation needs energy. We know that to get the fuel that drives our economy we need safe pipeline infrastructure… Public trust is not easily earned, so we want the public to understand that our endorsement of Keystone XL was based upon science, best engineering practices and our members' thousands of years of experience responding in the field."
>
> Sean McGarvey, president of North America's Building Trades Unions: "You listen to folks who are interested in public policy talk about wage inequity and middle class shrinkage. Let's identify the industries that pay at the top end of the curve and that happens to be the gas and oil industry and the petrochemical industry. So let's unleash that. Let's create those middle class jobs and let's let that free flow of private capital go into building out the nation's infrastructure, energy infrastructure, which will in turn create more tax dollars which would enhance our ability to build our public infrastructure."

By delivering affordable, reliable energy to homes and businesses, energy infrastructure will continue to generate economic benefits for decades – making it an especially valuable long-term investment.

Nationwide, reliable access to energy has helped drive down utility, product and other energy-related costs for families, contributing to a $1337 boost to the average American household budget in 2015. U.S. industrial electricity costs are 30-50 percent lower than those of our foreign competitors, giving manufacturers a major competitive advantage.

Pipelines are one of the safest, most efficient ways to transport the energy the U.S. economy needs, delivering crude oil, petroleum products and natural gas at a safety rate of 99.999 percent. And pipelines contribute to cleaner air. Carbon emissions from power generation have plunged to nearly 30-year lows, and more than 60 percent of that reduction has been the result of switching to clean natural gas, delivered by pipelines.

Congress and the Trump administration have identified infrastructure expansion as a top policy

objective. By prioritizing energy infrastructure, policymakers can achieve major progress for the American people on job creation, cost savings and energy security.

Sincerely,

Jack N. Gerard

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce

the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

Hello Robin,

I've put on the calendar for 8:30AM – 10AM. As we get closer, let's discuss the window of time. We may need to shorten a bit based on what else is going on that day, but I know that he'll want to spend as much time as he can with you that morning.

Thank you and we'll be in touch. Let me know if I can answer anything else!

Hi Scott,

You're in my prayers my brother! I'm proud of you. Keep draining... :)

So, doubtless you know the Museum of the Bible's grand opening is coming up this fall. SALLT is hosting a special trip for that opening December 6 thru 8. We brought around 25 alumni to the topping out ceremony last fall. James Lankford met us and gave us a "prayer walk" Capitol tour.

I expect we'll have 25 - 50 SALLT alumni for this event Scott, and we are hoping to intersect with you while in DC like we did with James last time. Our first thought is to have you meet our group at our hotel for breakfast on Friday Dec 8, but if that isn't optimal for you, we'd work with you for other opportunities. The museum actually has a lot of neat stuff taking place for us - including the Broadway musical production of "Amazing Grace" in the museum theater on Thursday night. Heck, you might want to come with us!

Anyway, I'm tossing this out way in advance and will work with whomever you want. These are your people my friend and we would love to have you share your SALLTy heart & thoughts as you feel led. I've no doubt they would deeply appreciate you sharing with them.

Thanks Scott, please let me know your thoughts or send someone my way to work details.

God bless!

I have some Toyota executives holding their calendars open for August 10 to host Administrator Pruitt. I'm not going to be able to keep the calendars held much longer. Can we finalize the date and time? We would very much like to host him. It's less than two weeks from now, so I'll need a time to be sure we can be proper hosts! Thanks.

Good morning Bill and Kelsi –

I wanted to connect the two of you in preparation for Administrator Pruitt's attendance at the upcoming ALEC meeting in Nashville on Friday, December 8th.

Kelsi – This is an open press event with the opportunity for a media hit at the conclusion of the Administrator's remarks. Bill will be able to provide additional information on this.

Bill – I will be arriving in Nashville on Thursday, December 7th. I have scheduled a walk-through of the venue with Courtney Cook for 3:00 that afternoon. Please feel free to join us if you feel that it would be helpful.

If you have any questions or concerns, please let me know.

Thank you,

Dear Aaron,

Please see below our draft invitation for Administrator Pruitt's event. Let us know by COB Friday if you would like changes. We would like to begin promoting this early next week. If you have people you would like us to invite please send along names and email addresses. Additionally, I am looping in our public affairs office (Maria) for any media you might want to include.

Just to confirm, this event will be live streamed, on the record. A video will also be posted to our website after the fact. If this is of any concern to your office let me know.

Lastly, as we get closer to the date let me know about any special arrival, hard stop time, etc.

Anything else just let me know.

We look forward to hosting Administrator Pruitt.

Opening Arguments: Conversations on American Constitutionalism

Returning to "EPA Originalism":

A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017

5:00 - 7:00 PM

Hoover Institution

1399 New York Avenue, NW, Suite 500

Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Hello everyone,

Connecting here Dana Perino and her team along with the team at the EPA in regards to our upcoming session at Concordia next Tuesday.

Given that we are so close to the event, I'd like to suggest we schedule a call for tomorrow, September 13, to go through logistics for the session as well as talking points and show flow. I'd like to propose 12 noon EST if that might work for at least a representative from each team to join.

Once we have confirmed the talking points for the session I can send around a full briefing packet to both teams.

Many thanks,

Kevin

It was great meeting you this afternoon. I wanted to thank you all for your help. Also, I just wanted to let you know that Millan Hupp (202-380-7561) will be the advance lead for tomorrow morning. She will arrive ahead of the Administrator around 9:30am with a security agent. I have copied her on this email.

Lastly, Is there any way that you can send the list of the participating members of tomorrow's meeting?

Hi Stephen,

I think this should work. We will use this quote in a press release highlighting all the stops Administrator Pruitt makes during his visit to Texas. This quote will be included below the paragraph highlighting his tour of Toyota. I should have a draft of the release written by tomorrow afternoon that I can get in front of you before it's finalized.

Best,
James

To Tate's point, the Administrator often will not eat at meetings but of course would take no offense to your bringing in lunch for the rest of the group. We shall leave that up to you.

My colleague Forrest, copied here, will travel into Dallas on Wednesday, the 9th and will likely reach out to you in hopes of scheduling a time to do a walk-through of the location.

Kindly let us know if there are any outstanding items we can address for you at this time. We look forward to meeting you next week.

Thank you so much,

Maddy,

I have some Toyota executives holding their calendars open for August 10 to host Administrator Pruitt. I'm not going to be able to keep the calendars held much longer. Can we finalize the date and time? We would very much like to host him. It's less than two weeks from now, so I'll need a time to be sure we can be proper hosts! Thanks.

Good afternoon to you. Just want to ensure we are all set for tomorrow. The Administrator will arrive at roughly 12:15 and will proceed to head table to sit with the other speakers (Sen. Lankford, Rep. Cole, and of course Mrs. Freede). The staff he will have with him will include Lincoln Ferguson and Sarah Greenwalt.

At 12:30, you will get up on stage to introduce him and he will deliver 10 minutes of remarks. There will be no Q&A.

You said there will be press by invitee only. Is that still just the Oklahoman and Journal Record along with the two radio shows?

After delivering him remarks, he will depart the hotel.

Please let me know if there is anything else we should consider or expect that we have not discussed.

Dear Administrator Pruitt,

I am writing to invite you to participate in the Federalist Society's annual National Lawyers Convention, which will take place November 16-18, 2017 at the Mayflower Hotel in Washington, D.C. The theme of the Convention this year will be "Administrative Agencies and the Regulatory State," which will be developed around four showcase panels.

We are inviting you to participate by delivering an Address, which is scheduled for Friday, November 17 from 11:15 a.m. – 12:00 p.m. Addresses at the National Lawyers Convention have previously been delivered by Justice Alito, Senator Lee, Justice Scalia; we think that our attendees would be excited to hear from you.

We expect over 2000 people to be in attendance at the Convention. As always, in keeping with the Federalist Society's long-standing tradition of balanced and spirited debate, we have invited speakers with a wide variety of perspectives to participate in each panel discussion. We hope you will join us in November, as your participation would be a welcome and valuable addition to our annual Convention.

In the meantime, if you have any questions about the convention, please feel free to contact me at 202-822-8138 or via e-mail at dreuter@fed-soc.org.

Sincerely,

Subject: Media at ALEC Meeting in Nashville

Good morning Bill and Kelsi –

I wanted to connect the two of you in preparation for Administrator Pruitt's attendance at the upcoming ALEC meeting in Nashville on Friday, December 8th.

Kelsi – This is an open press event with the opportunity for a media hit at the conclusion of the Administrator's remarks. Bill will be able to provide additional information on this.

Bill – I will be arriving in Nashville on Thursday, December 7th. I have scheduled a walk-through of the venue with Courtney Cook for 3:00 that afternoon. Please feel free to join us if you feel that it would be helpful.

If you have any questions or concerns, please let me know.

Thank you,

Kelly Kundinger

Just a heads up that Trey informed me that, if we can logistically swing it, he'd like to make the farm visit. I can keep Tate posted tomorrow morning on the status of us being able to make it.

Quick check in with you on Trey's talking points. Do you have updated #s for the stats you provided me a few weeks ago or are these still fairly accurate?

?□□□□□ And if the past seven months are any indication, this Agency is well on the way to getting Back to Basics.

- Within the Administrator Pruitt's first 7 months at EPA, he's visited **nearly 25 states** and have met, or spoken directly to, **33 Governors**.
- During state visits alone, he has visited **nearly 200 bipartisan interest groups** spanning agriculture, manufacturing & community groups (San Jacinto and East Chicago).
- Many of these states were fly-over states that had been overlooked by the last Administration.

Thanks – Brandi

Ms. Woodward,

I came by your contact after consulting with NRECA about a good person to meet with at EPA. Alaska Power Association, the statewide trade association for electric utilities in Alaska, is holding our annual fly-in to Washington, D.C. June 6-8. We'll have about 10 of our members with us from all parts of the state – Barrow to Southeast, Interior and Southcentral, and the Bristol Bay Region. We'd like to request a meeting with you to talk about EPA regulations and their impact on the unique circumstances electric utilities face in Alaska. Of course, any subject that may come up will be of interest to our members.

Are you available for a meeting between 11:30 a.m. and 1 p.m., June 6, or the morning of June 7

or late morning of June 8? We'd be honored to meet with you if you are available.

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

Subject: Follow-Up from RER -- Invite for Our Oct 3 Lunch Meeting

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Subject: Smart Sectors + Launch Event w. Adm Pruitt Invite

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

Daisy C. Letendre

Hi Scott,

You're in my prayers my brother! I'm proud of you. Keep draining... :)

So, doubtless you know the Museum of the Bible's grand opening is coming up this fall. SALLT is hosting a special trip for that opening December 6 thru 8. We brought around 25 alumni to the topping out ceremony last fall. James Lankford met us and gave us a "prayer walk" Capitol tour.

I expect we'll have 25 - 50 SALLT alumni for this event Scott, and we are hoping to intersect with you while in DC like we did with James last time. Our first thought is to have you meet our group at our hotel for breakfast on Friday Dec 8, but if that isn't optimal for you, we'd work with you for other

opportunities. The museum actually has a lot of neat stuff taking place for us - including the Broadway musical production of "Amazing Grace" in the museum theater on Thursday night. Heck, you might want to come with us!

Anyway, I'm tossing this out way in advance and will work with whomever you want. These are your people my friend and we would love to have you share your SALLTy heart & thoughts as you feel led. I've no doubt they would deeply appreciate you sharing with them.

Thanks Scott, please let me know your thoughts or send someone my way to work details.

God bless!

Lincoln Ferguson 11/8 – 11/9

Kenneth Wagner 11/8 – 11/9

Elizabeth Tate Bennett 11/8 – 11/9

Millan Hupp 11/7 – 11/9 (Director of Advance)

Lisa, since the staff is currently on travel it's hard to get all of their credit card numbers. Would it be ok to hold them by the company and I will make sure that everyone swipes upon arrival. I do understand that the Administrator's will be paid for by American Chemistry Council for room and taxes only.

Would you also be able to send me confirmation numbers for each of the travelers and thanks again for your time and patience with this matter. If you have any questions or concerns, please don't hesitate to call me at 202 564 1444.

Moya,

Good morning to you! I will be there a day before to advance the event with a member of his security team. He will definitely have one, maybe two staff members traveling with him.

He will arrive into Ft. Myers at 12:35PM on Monday so we have him arriving at the hotel at 1:20. Speech at 1:30PM and meeting with Executive Board members at 2:15PM. He will have to depart by 3PM for his 5PM flight back to DC. Unfortunately, I don't think there will be any extra time for additional meetings. I'm so sorry!

Thank you very much,

Millan

Good afternoon! Do you know if anyone will be coming with Administrator Pruitt? I want to be sure the room is set properly for the meeting with NMA's Executive Committee.

I have been if we know when he will be leaving and if the schedule permits any additional conversations. I believe there may have been a conversation with Ric Nolan, our Senior Vice President of Government Affairs, and Ryan Jackson.

Thanks very much.

Moya – I'm so glad we could get this worked out!

I think that a 1:30 or 1:45 speech then meet with the Executive Committee might be a little better. If he gets in a 12:35 and it is a 30 minute drive, that would put him there just after one and I would want to add a little bit of buffer time in there as well.

On the hotel rooms, I am going to do an email intro for you to our travel coordinator. She will want to be the one to work with you to arrange the accommodations.

Thank you!

Thank you to both you and Millan for working so hard to get this to work! Does this work for your schedule:

1-2 p.m. lunch – Speak at the lunch

After lunch – meet with Executive Committee

Millan:

I assume you will need two rooms on Sunday night for you and an agent from the security team. Do you want to make the reservations or are you o.k. with us making the reservations and letting the hotel know that payment information will be provided at check-in. I am not sure how long you will be at the hotel but do you need a meeting room or space for the Administrator to use?

I am sure there will be additional details and look forward to working with you. Please do not hesitate to contact me at any time.

Thank you Moya! It will be wonderful to see the Crafts. So, good news-- we were able to get the flight we wanted. We will land at Ft. Myer at 12:35PM and the security detail will be there ready to transport him, which puts us back to the original request of doing things in the early afternoon. Being much more familiar than we are, does that arrival time help in the planning process, I hope? My apologies for it taking a while to work out on our end.

The meeting with the Executive Committee is very flexible and we can make it work for your schedule. Regarding the remarks to the Board, before lunch is fine but is there any possibility to make it 11:30 or Noon. It is not unusual for us to have a speaker address the board, leave immediately after and then we serve lunch.

Do you have a few minutes to get on the phone? It may be easier just to talk it through. I am in the office by 7:30 or if this evening is better, please feel free to call my cell – 202-731-1110. My office number is 202-463-2639.

Given our flight options and the fact that he will be coming from Tulsa, would it be possible to do the proposed meeting at maybe 10AM then he speak at 11AM before their lunch gets started? We may choose to fly him into Naples on Sunday evening so we are just thinking to maximize his time on the ground in FL. If we push everything up just a little bit, we can get him back to DC sooner.

First hour: Tour of new campus with emphasis on environmental sustainability components.

Second hour: Time with 5-8 Toyota executives to discuss issues ranging from the state of the auto industry, development and deployment of alternative fuel vehicles, CAFE, California ZEV mandate and any other issues of interest to the Administrator.

If needed, we could cut both segments down to 45 minutes.

Forrest,

You're welcome...we look forward to hosting Administrator Pruitt.
This confirms the walk through on Thursday morning at 9:00 AM.
For ease of access, I'd like the advance team to park in our executive garage.
Upon arrival in the area, I will be standing outside the garage entrance to meet the team and show them where to park.
The garage entrance is located on the west side of our building, or the east side of 15th Street. (between Douglas and Dodge Streets).

If you have any issues, please call me anytime at either number listed below.

Travel safe and see the team on Thursday.

Tony

Hello Sarah,

I was just going to reach out to you. I'm so sorry, but we just found out today that we will now be in Houston that day instead of Dallas. We were really looking forward to rescheduling this meeting and I truly apologize that we must postpone again. We will absolutely let you know when we are back in Dallas or Austin next and likewise, please let us know when you're in DC. We are committed to rescheduling this!

Apologies once again, but please let us know if we can do anything else for you. Thank you for understanding!

Hello Sarah,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule for your next trip to DC or perhaps during one of our upcoming trips to Texas. I would offer a different day next week, but as I mentioned below, he will be flying out early Wednesday morning for the remainder of the week.

Do you have another trip to DC planned? We will be in Dallas on Oct 19. Let us know if maybe we could arrange a meeting that day.

Thank you and we appreciate your understanding.

Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Ms. Woodward,

I came by your contact after consulting with NRECA about a good person to meet with at EPA. Alaska Power Association, the statewide trade association for electric utilities in Alaska, is holding our annual fly-in to Washington, D.C. June 6-8. We'll have about 10 of our members with us from all parts of the state – Barrow to Southeast, Interior and Southcentral, and the Bristol Bay Region. We'd like to request a meeting with you to talk about EPA regulations and their impact on the unique circumstances electric utilities face in Alaska. Of course, any subject that may come up will be of interest to our members.

Are you available for a meeting between 11:30 a.m. and 1 p.m., June 6, or the morning of June 7 or late morning of June 8? We'd be honored to meet with you if you are available.

Subject: Follow-Up from RER -- Invite for Our Oct 3 Lunch Meeting

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

Duane,

Was just talking with Daisy and was set to reach out. Unfortunately, the Administrator's plans are in flux tomorrow and he may be needed to travel with the President to Puerto Rico now. We are still finalizing. Therefore, we unfortunately can't commit to doing this. I will certainly let you know if that changes, but hopefully we can have him address your group another time!

Good morning, all –

Hope your weekends were great.

We're hoping to finalize our agenda for RER's meeting tomorrow. Do you think it will be possible to let me know if Administrator Pruitt plans to attend our lunch by 4 pm today?

If you need more time to nail it down, that's ok too, and we can react nimbly tomorrow morning.

Don't hesitate to call me if you need more info. My office direct is 202-351-6760, and my cell is 202-309-3628.

Many thanks,

Duane

Hello Hayley, Daisy and Millan --

Following up from our emails earlier this week.

Thought I'd just touch base to see if you had a better sense as to whether Administrator Pruitt's plans may allow him to come to the RER event at the Newseum, on Tuesday afternoon around 12:30.

Thanks, and have a great weekend--

Hi Duane,

Thank you for offering the below opportunity for the Administrator to meet with the Real Estate Roundtable. We have a few tentative items on the calendar prior to the Smart Sectors launch that day that we should get figured out in the next day or so. Once we do that, I will be back in touch and able to let you know if this could work. We'd certainly love to do it if we can. Hayley and Millan -- I'm in the office tomorrow, but out on Friday.

As our event at the Newseum is next Tuesday, should we touch base tomorrow to see if this indeed works on the Administrator's calendar?

Perhaps a call at 9:30, 10:30 or 11 am tomorrow to touch base? If yes, let me know which number I should call to reach you.

Or, you can call me this evening on my cell at 202-309-3628.

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Subject: Smart Sectors + Launch Event w. Adm Pruitt Invite

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

This weekly update for the ME/CFS community includes media and partnership announcements, upcoming events and national policy victories for ME/CFS nationwide.

Did you see ME/CFS on PBS last week?

In 2015, Tom Camenzind appeared to have it all. He was an accomplished sophomore at Stanford University. But one day, things went horribly wrong. His health deteriorated rapidly and the diagnosis was heartbreaking: he had ME/CFS.

Today, Tom cannot speak. He is frozen in time, bedridden and unable to stand light, sound or touch. But if there is one tiny silver lining, it is that the world is about to learn of his plight – shedding light on this disease well beyond our ME/CFS community. Severely ill patients like Tom cannot speak for themselves; we are determined to speak to the world for them.

A national, televised program on Tom's plight aired last week on the show, "The White House Chronicle," with host Llewellyn King. Watch this new, half-hour program includes

heartrending interviews with Tom's parents and powerful comments from SMCI President Carol Head.

First of its kind! Nevada delegation sends letter to NIH on ME/CFS

On September 8th, Nevada's full Congressional Delegation sent a letter to Director Collins of the National Institutes of Health urging him to "strengthen and accelerate" its work on ME/CFS! The letter was led by Representative Amodei from Reno and signed by Senators Catherine Cortez Masto and Dean Heller, and Representatives Jackie Rosen, Ruben Kihuen and Dina Titus. We are so pleased to have teamed up with Courtney and Bob Miller, Anita Patton and people with ME/CFS across Nevada to bring the very first ME/CFS delegation letter. Thank you to the many residents of Nevada who took action to make this possible. View the complete letter here.

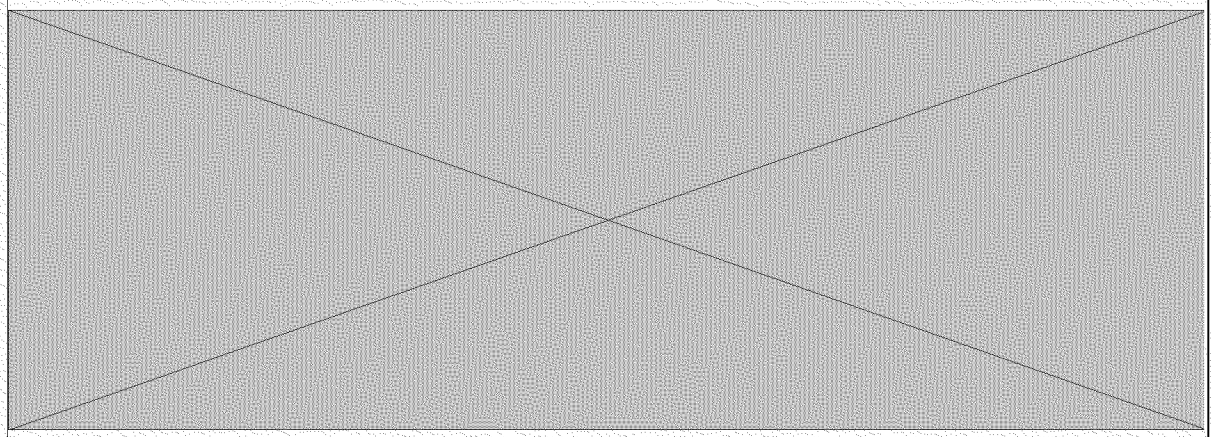
Simmaron Research Institute Hosts Patient Day

Research Update

On September 9th, the Simmaron Research Institute (SRI) hosted its annual Patient Day and Research Update in Incline Village, Nevada. The program featured remarks from SRI's partner researchers, clinical care team and staff. Dr. Maureen Hanson of SMCI's Research Advisory Council presented a summary of her recent work including data from the partnership with SMCI and data obtained from an NIH R21 grant. A full summary of the event will be included in next week's e-newsletter Research 1st.



Solve ME/CFS Initiative partners with Jennifer Brea's film "Unrest"

We are pleased to announce that Solve ME/CFS Initiative (SMCI) has joined forces with the *Time for Unrest* impact campaign for the ground-breaking documentary film, Unrest, directed by and featuring Jennifer Brea. SMCI is now an official partner of *Time for Unrest*, a global impact campaign to change the way the world sees, supports, treats, understands, and funds research for ME. The campaign launched with two events in Washington DC.

SMCI national tour makes first stop in Minnesota

Minnesota Board members, Steve Curry and Sue Perpich, are hosting two seminal events on ME/CFS in Bloomington, MN. The public is invited to two receptions in Minnesota on September 28th with SMCI President Carol Head and Chief Scientific Officer and Vice President for Research Dr. Zaher Nahle for a discussion about ME/CFS. This event is part of a national tour describing the progress and success of SMCI's programs and research. Senate Appropriations Committee recommends restoring ME/CFS funding

On September 7, the ME/CFS community breathed a sigh a relief as the Senate Appropriations Committee passed S. 1711 with accompanying committee report language that recommends restoring the $5.4 million chronic fatigue syndrome program under the CDC's National Center for Emerging and Zoonotic Diseases. In July, the House version of the budget (H.R. 3358) had zeroed out these funds in the House Committee report. Both the House and Senate reports include several recommendations to CDC, NIH, and HHS that were proposed by SMCI, #MEAction, and other advocates during the May ME/CFS Advocacy Week. We are pleased to see this support and growth of interest reflected in the Senate appropriations bills and look forward to continuing to fight for these items to be included after the reconciliation process in the final budget legislation in October.

The work of SMCI is entirely fueled by gifts large and small from people just like you.

Hi Becky,

It was nice talking with you by phone earlier this evening! I just tried you at your house number you gave me, but got the answering machine. I understand it's late so we can talk tomorrow, but I did want to get you this information as soon as possible.

As we discussed, we had some out-of-town travel surface that needs to happen around the time of this event. It is now looking like we will be out of town that week of Dec 11. As I know your folks will be booking flights very soon, we are hoping that we could move the date of this event. I sincerely apologize for the inconvenience that this causes but I'm hopeful that we can still make this a great event with strong involvement.

In offering other dates that would work for us, we could do Dec 4 mid-afternoon, Dec 5, Dec 6, or Dec 7 afternoon. Would any of those dates work for you?

Please let me know. We really appreciate you working with us on this and can't wait to address the group. Thank you for understanding!

Hi Tate,

Sure. My direct line is 405-522-8806. I don't have any meetings this morning, so you should be able to catch me anytime unless I step away from my desk for a minute.

Thanks!

Hey there! Can I give you a shout in the AM?

Looking into the 28th now to get the two of them together on WOTUS if that's at all possible?

Millan,
Allow me to introduce you to my friend Nate Morris. Nate is the co-founder and CEO of Rubicon Global.

As discussed, I think it would be great for Nate and the Administrator get together and Nate would be happy to come to Washington to meet. I have also cc'd Michael Allegretti, on Nate's team.

Nate,

Millan is a good friend and I have gotten to know her and the Administrator over the last few years. They are doing some very important things at EPA and I think it would be great for you and the Administrator to meet. Scott is also from Kentucky - so I know that is always the best base for a friendship!

Warm Regards,

Good Afternoon Mr. Rovito

I appreciate you contacting me, however I work the logistics of the Administrator's office. His scheduler is Sydney Hupp and I am copying her on this message. Unfortunately, the Administrator will be on travel during your time in DC. There may be a staffer whom can meet with you concerning some of your interest. If you are able to get an appointment for a dialogue with one of his staff under the Administrator's office I will be glad to setup the logistics for your meeting to include security and escorting.

Ms. Woodward,

I came by your contact after consulting with NRECA about a good person to meet with at EPA. Alaska Power Association, the statewide trade association for electric utilities in Alaska, is holding our annual fly-in to Washington, D.C. June 6-8. We'll have about 10 of our members with us from all parts of the state – Barrow to Southeast, Interior and Southcentral, and the Bristol Bay Region. We'd like to request a meeting with you to talk about EPA regulations and their impact on the unique circumstances electric utilities face in Alaska. Of course, any subject that may come up will be of interest to our members.

Are you available for a meeting between 11:30 a.m. and 1 p.m., June 6, or the morning of June 7 or late morning of June 8? We'd be honored to meet with you if you are available.

Thanks,

Subject: Follow-Up from RER -- Invite for Our Oct 3 Lunch Meeting

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Subject: Smart Sectors + Launch Event w. Adm Pruitt Invite

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

Hello Sarah,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule for your next trip to DC or perhaps during one of our upcoming trips to Texas. I would offer a different day next week, but as I mentioned below, he will be flying out early Wednesday morning for the remainder of the week.

Do you have another trip to DC planned? We will be in Dallas on Oct 19. Let us know if maybe we could arrange a meeting that day.

Thank you and we appreciate your understanding.

Subject: RE: Texas Attorney General Paxton requests meeting

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

Hello everyone,

Connecting here Dana Perino and her team along with the team at the EPA in regards to our upcoming session at Concordia next Tuesday.

Given that we are so close to the event, I'd like to suggest we schedule a call for tomorrow, September 13, to go through logistics for the session as well as talking points and show flow. I'd like to propose 12 noon EST if that might work for at least a representative from each team to join.

Once we have confirmed the talking points for the session I can send around a full briefing packet to both teams.

Many thanks,

Kevin

Subject: Re: Draft Itinerary - Morocco

Dear Millan,
Thank you for sharing with us the draft agenda for Administrator Pruitt's visit to Morocco.
I just wanted to give you some preliminary comments related to the agenda and I might get back to you if we have more feedback.

Regarding the meeting with Dr Abbadi, I just wanted to flag that he is not based at the Mohammed VI Imam Training Center. So I would advise setting up an extra stop (30-45min) to visit the Imam center potentially on the way to Marrakech.

Concerning the roundtable of judges and prosecutors on Rule of Law, I will get back to you on this since I am not an expert in this field.
I just wanted to let you know that there was also a possibility of adding ta visit to the Polytechnic University of Benguerir since they have a program related to the protection of the environment etc.

Lastly, regarding Administrator Pruitt's return flight. I just want to let you know that he could also catch flights to Paris via Marrakech and Casablanca to avoid his return all the way back to the capital to fly to the US.

I will get back to you if we have more feedback.

We will also work with the MFA in Rabat to secure these meetings. I am sure that the US embassy in Rabat is also working towards this end.

Warm regards,

Isam

Hi Millan,

Thanks again for talking with us today, we are so looking forward to having Administrator Pruitt at the event!

I have attached the flyer that we would like to push out to our list. The people on the list are general membership of about 4,000 people. We also want to be sure it is okay to promote this on our social media, which mentions both Administrator Pruitt and Sen. Jeff Flake will be at the lunch. Let me know if this is okay to send out.

You will also see that the flyer has our different sponsors for the event.

Please feel free to reach out by phone or email with any thoughts or concerns, thanks!

Hello Sarah,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule for your next trip to DC or perhaps during one of our upcoming trips to Texas. I would offer a different day next week, but as I mentioned below, he will be flying out early Wednesday morning for the remainder of the week.

Do you have another trip to DC planned? We will be in Dallas on Oct 19. Let us know if maybe we could arrange a meeting that day.

Thank you and we appreciate your understanding.

Hayley

Hi Hayley,

Thank you so much. This time and location will work out great. Please confirm us for 4:45 pm ET on Tuesday, 10/2, at EPA Headquarters to meet with Administrator Pruitt.
Attending with AG Paxton will be the following staff members:

Michael Toth, Special Counsel

Marc Rylander, Communications Director

JB Skees, Executive Assistant/Travel Assistant

Please let me know if you need further information. Thank you again for your assistance!

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

Ms. Woodward,

I came by your contact after consulting with NRECA about a good person to meet with at EPA. Alaska Power Association, the statewide trade association for electric utilities in Alaska, is holding our annual fly-in to Washington, D.C. June 6-8. We'll have about 10 of our members with us from all parts of the state – Barrow to Southeast, Interior and Southcentral, and the Bristol Bay Region. We'd like to request a meeting with you to talk about EPA regulations and their impact on the unique circumstances electric utilities face in Alaska. Of course, any subject that may come up will be of interest to our members.

Are you available for a meeting between 11:30 a.m. and 1 p.m., June 6, or the morning of June 7 or late morning of June 8? We'd be honored to meet with you if you are available.

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda,

are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

Tate,
Here is a draft quote. Could you please let us know if this works for you guys? We are open to revisions. Also, could you give us the context or the press release that you are planning?
Stephen

"We were pleased to show Administrator Pruitt our new headquarters in Plano, TX and to highlight the environmental sustainability aspects of the new facility. Toyota previously announced it will invest $10 billion over the next five years in the U. S., and the new headquarters is just one of those commitments to help grow Amerocan jobs.

We appreciate the opportunity to showcase our new Plano headquarters where we will soon have 4,000 team members working in a more collaborative way in order to better serve our customers."

Millan Hupp, copied on this message, is our Director of Scheduling and Advance. She will be the main POC for this event. If you'd like to organize a call with her to discuss the below questions, I'm sure she'd be more than happy to do so.

Regarding the reception with the Boards from SIGMA and NATSO, we think that would be a great idea. You and Millan can discuss format on the call but we'll put on the calendar for 2PM that day.

Hi Hayley,

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a

few questions.

My first question is – who will be our main contact for the event? Will we work with you, an event coordinator, or his chief of staff possibly?

My second – what is your preferred communication protocol? Do you prefer me as your main contact or going through other SIGMA staff that will be overseeing various aspects? Listed here are key SIGMA staff that will be working on the event. (all are copied on this email)

SIGMA CEO	SIGMA Director of Meetings	SIGMA Director of Communications	SIGMA Director of Education

Responsible for hotel details on site in Chicago – security, greenroom, reception	*Responsible for announcements, signage, and publications*	*Responsible for general session address, production details, and needs on stage*	

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

Π□□□□□□□□ Regarding announcement

- Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

Π□□□□□□□□ Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

Π□□□□□□□□ Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

Π□□□□□□□□ Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

o Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

o Does the Administrator have an official/preferred introduction to be used for the address?

o Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have Administrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the

Administrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. >>> Tate: I'm looping in Josh Esses with our NYC young lawyers chapter. He (along with Michelle Roberts) could help put something together. We'll gather a dozen or so of our young lawyers members for a meeting with Administrator Pruitt. Let us know the best timing/location, and we'll start working on those details.

Hi Lisa-

Tate Bennett with EPA Public Engagement and Environmental Education here. I handle some of the Administrator's proactive agenda and site visits.

Just gave you a buzz, Lisa, but I wanted to follow up about a potential meeting for Administrator with your NYC Chapter or Chapter Leadership next Thursday the 28th of September(?). Administrator Pruitt will be in the area and would love to get together.

This could be a small or large gathering, and it would not preclude a future visit. Give me a shout when you can?

THE WILLIAM F. BUCKLEY JR. PRIZE DINNER

NEW YORK CITY • GOTHAM HALL

WEDNESDAY, OCTOBER 25

Dear Friend,

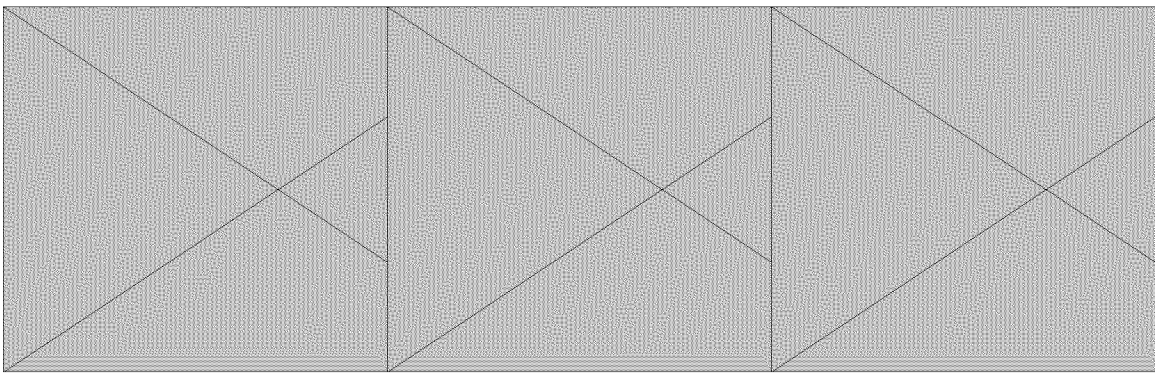
As a conservative, I place tremendous value on the National Review mission, which has guided the movement since Bill Buckley founded the magazine in 1955. I am pleased to serve as a trustee of National Review Institute, which is hosting its fourth annual Buckley Prize Dinner this fall honoring Bruce and Suzie Kovner and Tom Wolfe, meaningful leaders of the conservative

movement. All funds raised go to support NRI, and I enthusiastically encourage you to join us for this remarkable evening.

Sincerely,

Ambassador John Bolton

Trustee, National Review Institute



Please join us on Wednesday, October 25 for **NRI's fourth annual William F. Buckley Jr. Prize Dinner at Gotham Hall in New York City** honoring our close friends, **Tom Wolfe and Bruce and Suzie Kovner.**

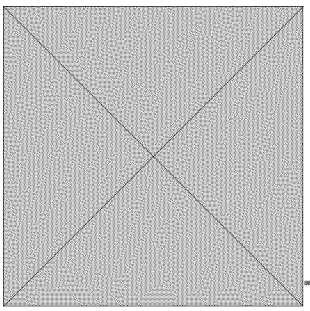
The annual William F. Buckley Jr. Prize Dinner brings together an audience of conservative leaders, philanthropists, and friends of National Review Institute from around the country to celebrate the lasting legacy of William F. Buckley Jr and our esteemed honorees. The William F. Buckley Jr. Prize was created to honor those who advance the principles Buckley championed during his lifetime and foster the conservative movement that he helped launch.

To honor WFB's achievement and inspire others, National Review Institute's Board of Trustees created the William F. Buckley Jr. Prizes for Leadership in Political Thought and Leadership in Supporting Liberty. We hope you will join us this year in New York City.

THIS YEAR'S HONOREES

RECOGNIZING ACCOMPLISHMENTS IN THE ARTS & LETTERS

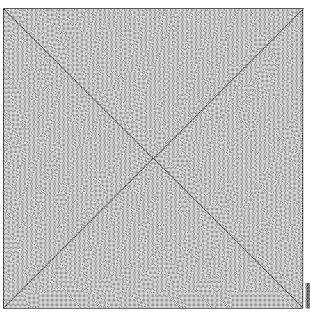
RESERVE YOUR SEAT TODAY



TOM WOLFE

Introduced by Christopher Buckley

The Prize for Leadership in Political Thought will be awarded to Tom Wolfe, recognizing his acclaimed writing and his influence on American culture over five decades. Bill Buckley had a cherished friendship with Mr. Wolfe, and admired him as a unique man of letters. In 1970, on one of several *Firing Line* episodes with Mr. Wolfe, WFB described his guest as "probably the most skillful writer in America . . .he can do more things with words than anyone else."



BRUCE AND SUZIE KOVNER

Introduced by Arthur Brooks

The Prize for Leadership in Supporting Liberty, which recognizes conservative philanthropy, will be awarded to Bruce and Suzie Kovner for their support and leadership of organizations that defend private enterprise, free markets and free trade, protect individual rights, and promote scholarly research that strengthens American democratic principles; for their support of education reform, particularly charter schools; and for their leadership of the major performing arts institutions of New York City. Bill Buckley loved free enterprise, classical liberalism, conservative policy reform, and the arts-especially music. Like Bill, Mr. Kovner plays the harpsichord. WFB also admired the kind of philanthropy in which the Kovners have engaged for many years.

Good Afternoon Mr. Rovito

I appreciate you contacting me, however I work the logistics of the Administrator's office. His scheduler is Sydney Hupp and I am copying her on this message. Unfortunately, the Administrator will be on travel during your time in DC. There may be a staffer whom can meet with you concerning some of your interest. If you are able to get an appointment for a dialogue with one of his staff under the Administrator's office I will be glad to setup the logistics for your meeting to include security and escorting.

Ms. Woodward,

I came by your contact after consulting with NRECA about a good person to meet with at EPA. Alaska Power Association, the statewide trade association for electric utilities in Alaska, is holding our annual fly-in to Washington, D.C. June 6-8. We'll have about 10 of our members with us from all parts of the state – Barrow to Southeast, Interior and Southcentral, and the Bristol Bay Region. We'd like to request a meeting with you to talk about EPA regulations and their impact on the unique circumstances electric utilities face in Alaska. Of course, any subject that may come up will be of interest to our members.

Are you available for a meeting between 11:30 a.m. and 1 p.m., June 6, or the morning of June 7 or late morning of June 8? We'd be honored to meet with you if you are available.

Ray,

We've been advised that EPA Administrator Pruitt will be in Australia in early September. Pruitt is having dinner at the US Embassy in Canberra on Tuesday, September 5, with a group of CEOs including Peabody AUS President George S.

If Pruitt is interested, we can easily make arrangements for the Administrator to visit one of our Australia operations. We have a mine called Metropolitan (Metrop) located about an hour south from downtown Sydney. There are hourly flights from Canberra to Sydney that take about 45 minutes. Metrop is an underground operation located in close proximity to houses and other community activity. It is a great story of how a mining operation works closely with local stakeholders to support jobs but also demonstrate environmental stewardship. We could do the entire trip (starting from Sydney airport) in 4-5 hours. We can provide additional info if they are interested but this would be a great opportunity for Trump Admin to show support for coal internationally and also a way to connect Australia and US on coal policy.

Hello everyone,

Connecting here Dana Perino and her team along with the team at the EPA in regards to our upcoming session at Concordia next Tuesday.

Given that we are so close to the event, I'd like to suggest we schedule a call for tomorrow, September 13, to go through logistics for the session as well as talking points and show flow. I'd like to propose 12 noon EST if that might work for at least a representative from each team to join.

Once we have confirmed the talking points for the session I can send around a full briefing packet to both teams.

Many thanks,

Kevin

It is very close to Pennsylvania Ave. When you pull in, there will be a guard station on the lefthand side and you can give your name and that you're here to pick up the Administrator and they will let you in the Courtyard. Please then wait in the Courtyard by the car and he will meet you there.

Hi Hayley:

Regarding the vehicle ride-and-drive tomorrow, I wanted to make sure you had the names of all the people who would be present (for security):

At EPA: Tom Stricker (Toyota)

At H2 Station: Tom Stricker (Toyota)

Chris Santucci (Toyota)

Jason Marcinkoski (US DOE)

I'll try to give you a buzz about the DOE person…they actually own the station and heard about the visit from the National park Service people when we contacted them about security. DOE wants to be there to answer any questions about the station…even though I think we could do it ourselves!

Just as a reminder, the back seat of the Lexus LC500 is *really* small, so hopefully the security person doesn't mind be cramped for a few miles.

Hi Hayley –

It was great speaking with you, and we're excited that Administrator Pruitt will get to see and experience the vehicles. The plan we discussed for Tuesday, November 21 is as follows (these are estimated times…hopefully with a bit of cushion):

2:45 pm Arrive at EPA, Lexus LC500 walk around/introduction (I'll probably arrive 5+ minutes early)

2:50 pm Drive Lexus LC500 to the National Park Service H2 station on NY Ave

3:10 pm	Arrive at NPS H2 station, Toyota Mirai walk around/introduction
3:15 pm	See/experience refueling of the Toyota Mirai
3:20 pm	Drive the Toyota Mirai in the local area
3:30 pm	Depart NY Ave station and return to EPA in the Lexus LC500
3:50 pm	Arrive at EPA (flexible…no rush from our side)

Other details you requested are below:

Lexus LC500 license plate for EPA courtyard access: Texas 6ER 067

Driver arriving at EPA in the Lexus LC500: Joseph (Tom) Stricker

NPS H2 station address: NPS Brentwood Maintenance Facility, 515 New York Ave NE, Washington, DC 20242

Toyota people who will be at the NY Ave location: Tom Stricker and Chris Santucci (if we add any others I will let you know by Monday)

Contact for security advance: Chris Santucci (cc'd above and 202-563-6856 or 202-651-1581)

I think that was everything…if not, please let me know. Also, if you have a map or description of the EPA courtyard access point, that would be great. Looking forward to doing this next week!

Would next week be too soon? With the Thanksgiving holiday, Monday afternoon or Tuesday would work for us. He is particularly interested in the Toyota Mirai you mentioned below. He would be interested in seeing this and test driving (although not sure if he can actually test drive this one or only the Lexus LC500).

Let us know what you think and if we could schedule a visit for one of those dates.

I just wanted to let you know the offer still stands for Administrator Pruitt to take a drive in our new Lexus LC500 sports sedan. He saw one in Texas and seemed excited to take it for a spin – time permitting, of course. I'm happy to help make that happen here in DC (and maybe even show him our Hydrogen Fuel Cell vehicle…the Toyota Mirai).

Hi Hayley,

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a few questions.

My first question is – who will be our main contact for the event? Will we work with you, an event coordinator, or his chief of staff possibly?

My second – what is your preferred communication protocol? Do you prefer me as your main contact or going through other SIGMA staff that will be overseeing various aspects? Listed here are key SIGMA staff that will be working on the event. (all are copied on this email)

details, and needs on stage

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

□□□□□□□□□ Regarding announcement

- Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

- For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

- I have attached a draft email announcement with information taken from the official EPA website.

□□□□□□□□□ Regarding onsite in Chicago

- Who will be the Administrator's main handler?

- What security details will we need to be aware of?

- Does the Administrator need a greenroom and, if so, what are the requirements?

□□□□□□□□□ Regarding SIGMA and NATSO Boards

- I have attached the Board of Directors for both SIGMA and NATSO to this email.

- SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

- If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

□□□□□□□□□ Regarding the Administrator's remarks

- How much time would the Administrator like allotted for his address to the members?

- Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be

putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

- Does the Administrator have an official/preferred introduction to be used for the address?
- Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Hello Liz,

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

We really look forward to this event and thank you again for the invitation!

Hi Hayley,

I just wanted to touch base on this invite to Administrator Pruitt. Our membership would be honored to have the Administrator at our Chicago meeting and be able to thank him for all of the actions he took during the recent natural disasters on behalf of our industry.

Do let me know if there is further information I can provide and I look forward to hearing from you!

Hi Hayley,

A quick follow up – we also would like to extend the invitation to the Administrator's Chief of Staff Ryan Jackson if he is able to attend the Chicago SIGMA Conference along with the A dministrator.

I am happy to extend that invite directly to Mr. Jackson or his assistant if you feel it's appropriate to send me their contact information.

Thank you again and have a great weekend!

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have A dministrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National A ssociation of Truck Stop Owners, and I know that both boards would be privileged to meet the A dministrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA A nnual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

THE WILLIAM F. BUCKLEY JR. PRIZE DINNER

NEW YORK CITY • GOTHAM HALL

WEDNESDAY, OCTOBER 25

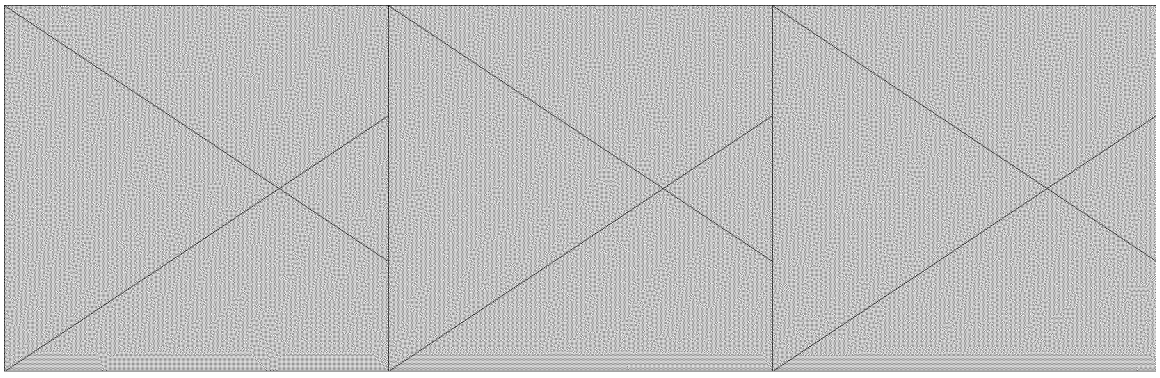
Dear Friend,

As a conservative, I place tremendous value on the National Review mission, which has guided the movement since Bill Buckley founded the magazine in 1955. I am pleased to serve as a trustee of National Review Institute, which is hosting its fourth annual Buckley Prize Dinner this fall honoring Bruce and Suzie Kovner and Tom Wolfe, meaningful leaders of the conservative movement. All funds raised go to support NRI, and I enthusiastically encourage you to join us for this remarkable evening.

Sincerely,

Ambassador John Bolton

Trustee, National Review Institute



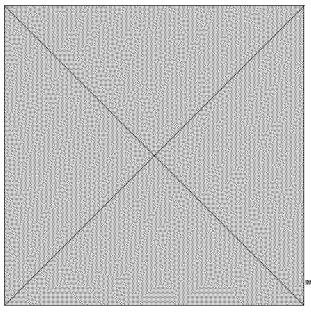
Please join us on Wednesday, October 25 for **NRI's fourth annual William F. Buckley Jr. Prize Dinner at Gotham Hall in New York City** honoring our close friends, **Tom Wolfe and Bruce and Suzie Kovner.**

The annual William F. Buckley Jr. Prize Dinner brings together an audience of conservative leaders, philanthropists, and friends of National Review Institute from around the country to celebrate the lasting legacy of William F. Buckley Jr and our esteemed honorees. The William F. Buckley Jr. Prize was created to honor those who advance the principles Buckley championed during his lifetime and foster the conservative movement that he helped launch.

To honor WFB's achievement and inspire others, National Review Institute's Board of Trustees created the William F. Buckley Jr. Prizes for Leadership in Political Thought and Leadership in Supporting Liberty. We hope you will join us this year in New York City.

THIS YEAR'S HONOREES

RECOGNIZING ACCOMPLISHMENTS IN THE ARTS & LETTERS

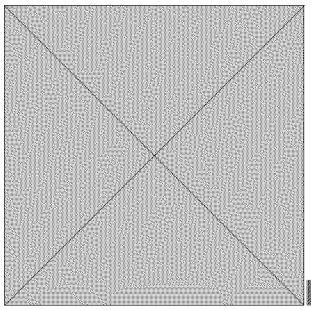


TOM WOLFE

Introduced by Christopher Buckley

The Prize for Leadership in Political Thought will be awarded to Tom Wolfe, recognizing

his acclaimed writing and his influence on American culture over five decades. Bill Buckley had a cherished friendship with Mr. Wolfe, and admired him as a unique man of letters. In 1970, on one of several *Firing Line* episodes with Mr. Wolfe, WFB described his guest as "probably the most skillful writer in America . . .he can do more things with words than anyone else."



BRUCE AND SUZIE KOVNER

Introduced by Arthur Brooks

The Prize for Leadership in Supporting Liberty, which recognizes conservative philanthropy, will be awarded to Bruce and Suzie Kovner for their support and leadership of organizations that defend private enterprise, free markets and free trade, protect individual rights, and promote scholarly research that strengthens American democratic principles; for their support of education reform, particularly charter schools; and for their leadership of the major performing arts institutions of New York City. Bill Buckley loved free enterprise, classical liberalism, conservative policy reform, and the arts-especially music. Like Bill, Mr. Kovner plays the harpsichord. WFB also admired the kind of philanthropy in which the Kovners have engaged for many years.

SPECIAL PROGAM FEATURES

Hello everyone,
Connecting here Dana Perino and her team along with the team at the EPA in regards to our upcoming session at Concordia next Tuesday.

Given that we are so close to the event, I'd like to suggest we schedule a call for tomorrow, September 13, to go through logistics for the session as well as talking points and show flow. I'd like to propose 12 noon EST if that might work for at least a representative from each team to join.

Once we have confirmed the talking points for the session I can send around a full briefing packet to both teams.

Many thanks,

Kevin

Dear Wanda and Earl,

Hi, friends! Hope y'all are great. Greetings from Beijing, where the Secretary arrives in a couple of days!

I sure wish I could be with him when he comes down to Cochran late next week. We were in Toombs and Tattnall Counties last week with the Canadian and Mexican ministers of agriculture, and I took some of my team on down to Fitzgerald where my mother cooked a big spread. Sure was good to be home.

I wanted to introduce you both, and by extension the EPA team copied on this email, to Mr. Nick Westcott. Nick will be the Secretary's advance lead for the trip. My understanding is this is a largely EPA-focused trip, which is terrific, but that there are some USDA equities, particularly on the forestry side. So I think the Secretary's role will largely be observational and conversational. Nick is with me in China at the moment, but you and our EPA colleagues can fill him in via email. We just want to be as helpful as we can without getting in the way.

That said, I am sure that if you are inviting press, Macon and Albany will be much more responsive with SP there, only because of the local, home angle. Let Nick know how we can weave in our team in a seamless, cooperative fashion to make this work for y'all and the objectives you have.

I'm taking a rain check on a Wanda Barrs hug!

Yours, fondly,

Chris

Hello Ray,

I am currently the Administrator's scheduler and wanted to confirm that the Administrator would be happy to meet with Mr. Kellow on 10/3 at 5:30PM. I will have someone follow up with arrival details and directions to the EPA Headquarters. For your planning, it is located at 1200 Pennsylvania Ave NW.

He looks forward to the meeting and let us know if you have any questions before then!

any indication, this Agency is well on the way to getting Back to Basics.

- Within the Administrator Pruitt's first 7 months at EPA, he's visited **nearly 25 states** and have met, or spoken directly to, **33 Governors**.
- During state visits alone, he has visited **nearly 200 bipartisan interest groups** spanning agriculture, manufacturing & community groups (San Jacinto and East Chicago).
- Many of these states were fly-over states that had been overlooked by the last Administration.

Hello everyone,
Connecting here Dana Perino and her team along with the team at the EPA in regards to our upcoming session at Concordia next Tuesday.

Given that we are so close to the event, I'd like to suggest we schedule a call for tomorrow, September 13, to go through logistics for the session as well as talking points and show flow. I'd like to propose 12 noon EST if that might work for at least a representative from each team to join.

Once we have confirmed the talking points for the session I can send around a full briefing packet to both teams.

Many thanks,

Kevin

Administrator Pruitt,

The National Association of Clean Water Agencies (NACWA) is sending the attached letter to formally request a meeting with you and your team to discuss the many water quality and water infrastructure challenges that our public wastewater treatment agency members are working hard to address.

Attached is a letter requesting a meeting with our Executive Committee, comprised of senior utility leaders from around the country. Please contact me or NACWA's Chief Technical Officer, Chris Hornback, at chornback@nacwa.org<mailto:chornback@nacwa.org> or (202) 833-9106, for

scheduling.

Thank you in advance for your attention to this matter and we look forward to speaking with you soon.

Sincerely, Adam.

?□□□□□□□ And if the past seven months are any indication, this Agency is well on the way to getting Back to Basics.

- Within the Administrator Pruitt's first 7 months at EPA, he's visited **nearly 25 states** and have met, or spoken directly to, **33 Governors**.

- During state visits alone, he has visited **nearly 200 bipartisan interest groups** spanning agriculture, manufacturing & community groups (San Jacinto and East Chicago).

- Many of these states were fly-over states that had been overlooked by the last Administration.

Hello Tate,

Bill Shireman is looking forward to speaking with you next week. Bill and Trammell S. Crow would like to come to D.C. and meet with the Administrator and colleagues as appropriate to share the results so far of our own efforts to define a more optimistic free market basked environmental narrative for Republicans. Bill will be in DC the week of October 23rd and I am wondering if a meeting is possible anytime that week Tuesday through Thursday?

Meeting Request Form for Administrator Scott Pruitt

Today's Date: October 9, 2017

Meeting Date: Any time between October 24, 25, 26

Meeting Time: Any time, but Morning Optimal

Requested Location (if offsite, please list address, parking instructions, etc.):
Washington DC, any location

Requestor: Trammell S. Crow and Bill Shireman

Purpose of the Meeting: Discuss approaches to "True Environmentalism" and how to secure public support and unlikely allies

Background on the Meeting: TSC has supported significant development of an alternative "positive enviromental movement" that is pro-market and Republican-friendl

Role of the Administrator: Support this administration's approach on EPA and UN by giving voice to an economically/environmentally superior alternative to "big government" lawsuit-laden environmentalism - protect air, water, land, oceans, and climate by harnessing markets, not overregulating them.

Attendees: Trammell S. Crow and Bill Shireman

Point of Contact: Mary Ann McDonnell, mmcdonnell@future500.org, 530.265.6768

Please join us
for an exclusive construction industry conversation with

EPA Administrator Scott Pruitt

and

NAHB CEO Jerry Howard

This invitation-only special event is a rare opportunity to hear directly from the EPA administration as well as NAHB CEO Jerry Howard. Featuring opening remarks by Administrator Pruitt, a candid conversation between Administrator Pruitt and Jerry Howard about EPA Regulation as it relates to the industry, and a question and answer session moderated by Jerry Howard– this is our chance to make sure the concerns of our industry are being listened to by the new administration. This event will address construction-industry issues such as the EPA's impact on the Clean Water Act and Waters of the United States, as well as the EPA's plans for the future including administering the Clean Water Act and what it means for the industry.

Attendance is limited

Thursday, October 5th

9:00 AM—10:00 AM – Coffee Roundtable (invitation-only)
10:30 AM—11:00 AM—Check-in & reception
11:00 AM—12:30 PM - Conversation with EPA, NAHB and lunch
1:00 PM – Broadmoor golf outing (optional)
The Broadmoor Hotel, 1 Lake Avenue, Colorado Springs, CO 80906

This event is by invitation-only. If you are interested in attending you must contact Kitt Smith at the Housing & Building Association of Colorado Springs at 719-592-1800 ext. 100 or kitt@cshba.com. All registrations will be vetted by CAHB, all attendees must be pre-registered to attend.

How about for now, we set aside 45 mins to 1 hour and when we're a little closer, we can determine a start time? As things come up, I might reach out and confirm a time based on other requests for that day. If you want to have guests save the date now, when you get to a point where you need to advertise an exact start time, let me know and we can decide.

Now I really am cc'ing Paige, who I omitted last time.

We're aiming for about 30. It won't technically be a "roundtable," because our table isn't big enough, but it will be a close setting with a select audience, conducive to discussion.

My guess is that any time of day will be good for this particular format; our invited audience will want to be there.

Tate,

I checked with my office, and it looks like the week of October 30 is kind of a mess for Hoover. A lot of the staff and fellows (including me) will be at Hoover's HQ in California for much of the week, and later we have events with HR McMaster and others.

Could we propose some December dates? I know that Dec. 4, 13, 14 or 15 work so far.

Best,

Hi Hayley:

Regarding the vehicle ride-and-drive tomorrow, I wanted to make sure you had the names of all the people who would be present (for security):

At EPA: Tom Stricker (Toyota)

At H2 Station: Tom Stricker (Toyota)

Chris Santucci (Toyota)

Jason Marcinkoski (US DOE)

I'll try to give you a buzz about the DOE person…they actually own the station and heard about the visit from the National park Service people when we contacted them about security. DOE wants to be there to answer any questions about the station…even though I think we could do it ourselves!

Just as a reminder, the back seat of the Lexus LC500 is *really* small, so hopefully the security person doesn't mind be cramped for a few miles.

Hi Hayley –

It was great speaking with you, and we're excited that Administrator Pruitt will get to see and experience the vehicles. The plan we discussed for Tuesday, November 21 is as follows (these are estimated times…hopefully with a bit of cushion):

2:45 pm	Arrive at EPA, Lexus LC500 walk around/introduction (I'll probably arrive 5+ minutes early)
2:50 pm	Drive Lexus LC500 to the National Park Service H2 station on NY Ave
3:10 pm	Arrive at NPS H2 station, Toyota Mirai walk around/introduction
3:15 pm	See/experience refueling of the Toyota Mirai
3:20 pm	Drive the Toyota Mirai in the local area
3:30 pm	Depart NY Ave station and return to EPA in the Lexus LC500
3:50 pm	Arrive at EPA (flexible…no rush from our side)

Other details you requested are below:

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

I think that was everything…if not, please let me know. Also, if you have a map or description of the EPA courtyard access point, that would be great. Looking forward to doing this next week!

Hi Tom,

I work in Administrator Pruitt's office with Millan and Daisy and wanted to reach out to you on your below request. The Administrator appreciates the offer and would be interested in doing this. Would next week be too soon? With the Thanksgiving holiday, Monday afternoon or Tuesday would work for us. He is particularly interested in the Toyota Mirai you mentioned below. He would be interested in seeing this and test driving (although not sure if he can actually test drive this one or only the Lexus LC500).

Let us know what you think and if we could schedule a visit for one of those dates.

Thank you again for the offer!

Hi Millan –

I just wanted to let you know the offer still stands for Administrator Pruitt to take a drive in our new Lexus LC500 sports sedan. He saw one in Texas and seemed excited to take it for a spin – time permitting, of course. I'm happy to help make that happen here in DC (and maybe even show him our Hydrogen Fuel Cell vehicle…the Toyota Mirai).

No rush, just wanted to make sure you know the offer stands. Thanks!

Mitch also mentioned the LC500 and the possibility the Administrator taking it for a spin. I've cc 'd Millan Hupp who is our Director of Scheduling at EPA so that we can see if there's a time that works to get the Administrator in for a lunchtime drive.

I hope this email finds you well!

I do want to touch base in regard to Administrator Pruitt's visit to the Westin Michigan Avenue.

First, are you able to confirm what time you would like to conduct the walkthrough on Tuesday, November 2?

Second, is there any additional information that you need from a hotel security standpoint? Do you need to speak to my Director of Security prior to arrival?

Directions from PIT.pdf

Great! 1pm it is.

I'd recommend watching the video prior.. I think it's about 15mins. That way we just do the breathing portion and have you sign.. you will not have to go through training again on Wednesday, then.

Thanks for the sizes and [redacted] I'll get this over to our team at the mine.

I'm sure you have it mapped but I've attached directions (there is a bridge out on the other side by Rt 18/Patterson creek road so what I've attached is the best way to go).

Thanks,

Zach

Zach,

We can certainly do 1PM.

I have the training video you sent over. Should we do that before we meet you on Tuesday or should we wait until we get there?

Millan-

Sounds good, other than timing. We have an operations meeting until noon at our HQ, so myself and our superintendent won't be at the mine until 1... is there anyway we can push so you can arrive around that time?

We can do the walk through, safety training and get everyone underground.. no problem.

Just need names and sizes for equipment (coveralls and boots) for everyone going underground Tuesday.

No cameras/phones will be allowed underground on Tuesday, since we'll need Msha approval.

Give me a ring if you have any questions.

Thanks!

Zach,

Thank you so much for all your help with this trip. As mentioned, a couple of advance agents, myself, and probably Amy from our press shop will be coming in on Tuesday, the 11th to do a walk through for Wednesday.

As I mentioned on the phone, we will want to mirror his steps for Wednesday which includes going underground. We will be arriving into PA at 9:45AM on Tuesday and will likely check in to our hotel first. I know that Harvey Mine is an hour from the airport. 12PM would probably be best for us to come over. Would that work for you?

Again, thank you.

Hi all – Looping in a few more members of our press team. I noticed that our schedule is different from what's listed below. Here is the latest proposed line-by-line I have for the event:

- 11:10 AM EST Administrator Pruitt arrives
- 11:10 – 11:45 AM EST Discussion with coal miners in locker room and media availability, open press.
- 11:45 – 1:00 PM EST Private roundtable lunch with leadership, closed press.
- 1:00 - 1:45 PM EST Safety training and gear up, closed press.
- 1:45 – 3:45 PM EST Underground mine tour, closed press.
- 3:45 PM EST – Depart

Let me know if anyone has any changes to this.

Would an 11:00 EST call tomorrow work for everyone to go over press logistics?

Thank you,

Amy

We trimmed down the Administrator's bio. Can we use the version below on our website? Thank you!

On February 17, 2017, the United States Senate confirmed Scott Pruitt as the 14th Administrator of the U.S. Environmental Protection Agency. As Administrator, Mr. Pruitt's overarching goal is to lead EPA in a way that our future generations inherit a better and healthier environment as he works with the thousands of dedicated public servants at EPA who have devoted their careers to helping realize this shared vision, while faithfully administering environmental laws. Most recently, Pruitt served as the Attorney General for Oklahoma. Pruitt became a national leader through a career of advocating to keep power in the hands of hard-working Americans. As Attorney General for Oklahoma, he led the

state's legal challenges against property rights intrusion, while protecting Oklahoma's natural resources and environment. He is recognized as a national leader in the cause to restore the proper balance between the states and federal government, and he established Oklahoma's first federalism unit to combat unwarranted regulation and overreach by the federal government. Before being elected attorney general, he served eight years in the Oklahoma State Senate where he was a leading voice for fiscal responsibility. In addition to his life as a civil servant, Pruitt is a successful entrepreneur. As a co-owner and managing general partner of Oklahoma City's Triple-A minor league baseball affiliate, the Oklahoma City Redhawks, Mr. Pruitt took over the team's marketing operations and helped the team become one of the minor league leaders in attendance and merchandise sales. Pruitt is, first and foremost, a family man. He and Marlyn, his wife of 27 years, proudly raised their daughter, McKenna, and son, Cade, in Tulsa.

Hi Mr. Konkus,

We're thrilled to have the Administrator participate in our Ideas Summit next week. I wanted to circle back and confirm that he can indeed participate at 9:45am on Friday, March 17th in a conversation with Kevin D. Williamson? Also, if this is confirmed, can we formally announce him? We know he's a huge draw for our audience.

Please let me know if you have any questions.

Thank you,

Charlotte

Two more questions:

1.) Who should I connect with in the Administrator's office regarding logistics?

2.) May I connect you with Ericka Andersen who runs *NR*'s social media? She would like to coordinate social media promotion with you.

We trimmed down the Administrator's bio. Can we use the version below on our website? Thank you!

On February 17, 2017, the United States Senate confirmed Scott Pruitt as the 14th Administrator of the U.S. Environmental Protection Agency. As Administrator, Mr. Pruitt's overarching goal is to lead EPA in a way that our future generations inherit a better and healthier environment as he works with the thousands of dedicated public servants at EPA who have devoted their careers to helping realize this shared vision, while faithfully administering environmental laws. Most recently, Pruitt served as the Attorney General for Oklahoma. Pruitt became a national leader through a career of advocating to keep power in the hands of hard-working Americans. As Attorney General for Oklahoma, he led the state's legal challenges against property rights intrusion, while protecting Oklahoma's natural resources and environment. He is recognized as a national leader in the cause to restore the proper balance between the states and federal government, and he established Oklahoma's first federalism unit to combat unwarranted regulation and overreach by the federal government. Before being elected attorney general, he served eight years in the Oklahoma State Senate where he was a leading voice for fiscal responsibility. In addition to his life as a civil servant, Pruitt is a successful entrepreneur. As a co-owner and managing general partner of Oklahoma City's Triple-A minor league baseball affiliate, the Oklahoma City Redhawks, Mr. Pruitt took over the team's marketing operations and helped the team become one of the minor league leaders in attendance and merchandise sales. Pruitt is, first and foremost, a family man. He and Marlyn, his wife of 27 years, proudly raised their daughter, McKenna, and son, Cade, in Tulsa.

Thank you for sending the names, Madeline. I will get to work on credentials now.

For scheduling purposes, the Nationals BP starts at 4:40 PM and Mets start at 5:30 so you would be looking in there for your arrival time.

I'd like to have the Administrator's detail talk directly with our Director of Security, Sly Servance, to work out logistics around the motorcade and other items related to that team specifically. Please feel free to email him directly but to also keep me on Cc for awareness. His email is Sly.Servance@nationals.com.

I can be reached by email or at my desk at 202-640-7711. My cell number is Personal Phone/Ex. 6 Happy to jump on a call if that would be helpful.

Looking forward to Wednesday.

Nettie!

Thanks so much for helping out with Wendy and my reservations. We do have an additional colleague, Millan Hupp, who would need to stay Sunday, the 23rd and Monday, the 24th. Would you be able to provide the government Perdiem rate for her for those 2 nights?

If so, her email address is: Hupp.Millan@epa.gov

And please cc: Davis.Gail@epa.gov

As always, thank you so much for helping me out any way you're able.

On Tuesday, he has the NMA Board meeting, but I think it is completed by 5:00, so he could do 5:15 or 5:30. Would either of those work? If not, I could have him skip lunch and he would then be available at 1:00. Many thanks.

Good afternoon to you. Yes, we have you held on the calendar for Wednesday, October 4. We currently have a commitment that morning in DC but expect to be able to get the Administrator into Cincinnati by 1130AM. Additionally, he must travel to Colorado Springs that evening on a 4:50PM flight. Kindly let me know if a timeframe of 1230PM – 330PM might work for what you are envisioning.

Thank you so much for your consideration and I look forward to hearing from you. I have copied Hayley Ford on this email as well as she is assisting us in Scheduling and is likely with whom you will be working.

Warm regards,

Ryan and Samantha—I hope you are both well. I am following up on the brief discussion with Administrator Pruitt regarding additive manufacturing in the conversation regarding the ICAO aircraft standards.

Attached is an invitation for Administrator Pruitt and his team to visit GE's industry leading additive manufacturing facility in October. We are confident this will be a valuable educational opportunity and something that transforms the way

manufacturing is thought about in the future.

This could be scheduled as a day trip to Cincinnati. We propose October 4 but will be flexible around the Administrator's preferences.

Please let me know if I can answer any questions. We look forward to seeing you then. Thank you -- Roger

Hello Liz,

Millan Hupp, copied on this message, is our Director of Scheduling and Advance. She will be the main POC for this event. If you'd like to organize a call with her to discuss the below questions, I'm sure she'd be more than happy to do so.

Regarding the reception with the Boards from SIGMA and NATSO, we think that would be a great idea. You and Millan can discuss format on the call but we'll put on the calendar for 2PM that day.

Thank you and we look forward to it!

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a few questions.

My first question is – who will be our main contact for the event? Will we work with you, an event coordinator, or his chief of staff possibly?

My second – what is your preferred communication protocol? Do you prefer me as your main contact or going through other SIGMA staff that will be overseeing various aspects? Listed here are key SIGMA staff that will be working on the event. (all are copied on this email)

Responsible for hotel details on site in Chicago – security, greenroom, reception details, and needs on stage

Responsible for announcements, signage, and publications

Responsible for general session address, production

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

- Regarding announcement

o Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

- Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

- Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We

can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

- Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

o Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

o Does the Administrator have an official/preferred introduction to be used for the address?

o Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Hello Liz,

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

We really look forward to this event and thank you again for the invitation!

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have Administrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the Administrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

September 12 – Meeting with Gary Knell (CEO of National Geographic http://press.nationalgeographic.com/biographies/gary-e-knell/) & Jessica Garrison, 2pm, EPA office.

Sept 14 – 6:30pm Meet and Greet dinner with Jessica Garrison & Eileen Stuart (VP of Mosaic), also invited - Tate Bennett, Marlyn Pruitt, anyone else Admin Pruitt would like to join. Just let us know so we can update reservations. Have reservations on hold at Metier, Plume, Capital Grille, and Piccolo

Sept 14 - National Geographic Salon Dinner **postponed** to Q1 of 2018 so that the board of directors can attend. Here is a link to nat geo's board: https://www.nationalgeographic.org/leadership/board-advisors/ . I just noticed that Brendan Bechtel is a member. Administrator Pruitt knows the Bechtel family from vists to their San Francisco office while was AG. Brendan's grandfather Stephen Bechtel jr. was chief executive over Hoover Dam project while also President of Bechtel. Amazing 119 year old famliy business . Also Jean Case is chairman. She is a former exec at AOL and her husband Steve Case was a co-foudner of AOL. Very good board.

Amy… I'm copying Courtney and Stephanie Wilson, the Gov's press secretary, here. As I mentioned to Millan last night, a sit-down with Gary Truitt and Hoosier Ag Today would not only be easy but could be accommodated at the Farm. Given the timing of his arrival, a live spot on radio on Wednesday won't work but we could think about taping a segment Tuesday sometime if the Administrator would be up for that. It would be WIBC radio here in Indianapolis.

This may be a Tate question, but what's your vision for who ought to be in the meeting at the Statehouse? Also, we are working on a list of participants for the WOTUS roundtable and we'll share that with you as soon as we have it.

Finally, the Blackhawk can depart from Eagle Creek Airport, which is just 10 minutes from Starkey's.

I know this is contrary to what we discussed last night and I apologize for the change. Kindly let me know if the rest looks good. I think the only thing I am waiting on from you would be the address of Starkey Farms.

Kevin,

Good morning to you. I'm traveling through Monday but would be glad to give you a call first thing Tuesday morning if that might work for you?

Thank you,

Iowa Association of Electric Cooperatives 75th Annual Meeting, "*Building Legacy through Leadership*"
Friday, December 1, 2017

Time: 9:15-10:00 a.m. General Session keynote (full agenda is attached)

Location: Sheraton West Des Moines, Ballroom 1800 50th Street, West Des Moines, IA 50266

Airport: DSM Airport approximately 20 min drive to conference hotel

Hotel rooms: We are happy to accommodate and book rooms for your staff or a room block is available at the Sheraton West Des Moines. We have a negotiated room rate of $106 plus taxes per night for the nights of Monday, 11/27-Thursday, 11/30. Please contact Annie Schlink, Group Rooms Coordinator, (515) 457-2127, annie.schlink@sheratonwestdesmoines.com

Audience: Approximately 600, CEOs/General Managers, Board of Directors and key staff of the association members from 35 distribution co-ops and 7 generation and transmission co-ops.

About us: Owned by the members they serve, Iowa's not-for-profit electric cooperatives power the lives of 650,000 Iowans throughout all 99 counties and are committed to delivering power that is safe, reliable, affordable and environmentally responsible. The Iowa Association of Electric Cooperatives exists solely to support the interests of member-owned electric cooperatives, including 35 distribution co-ops and 7 generation and transmission co-ops. Formed in 1942, IAEC provides many vital functions for its members including legislative representation, regulatory oversight, training and education services, safety programs, and communications support.

One thing of note, it is our 75th Anniversary of our association this year and this conference serves as a celebration of those accomplishments our cooperatives have faced in the past 75 years and looking towards our future.

We appreciate the time to address our membership!

Subject: Some questions from Iowa

Hello Friends:

I have a few questions from our events people regarding the visit on 12/1.

1) Does Regional Administrator Gulliford know that he will be appearing on stage with Administrator Pruitt in a discussion moderated by my boss, Chuck Soderberg? Didn't want to assume that wasn't our responsibility.

2) While no media is allowed in the General Session for the "fireside chat", do we have permission to record it to be posted for attendees later?

3) While we have not publicized Administrator Pruitt's attendance, will there be a media advisory prior to his arrival indicating he is coming to Iowa for either the IAEC Annual Meeting or the Couser Cattle Company visit or both?

4) Do you all have a list of questions that we can use as a foundation for those that my boss will use while moderating? If not, myself and our Regulatory Director would likely draft some questions to use.

5) Will anyone from the IAEC and/or our Board of Directors be invited to attend the meeting at the Couser Farm later that day?

6) Is the Administrator planning on informing the Governor and members of the Iowa Congressional Delegation that he will be here?

That all for now! Thanks much!

Hi Millan,

Thanks so much for chatting this morning. This email is to introduce you to our Director of Meetings, Cheryll Decker. Her direct contact info is 703.375.0481 and CDecker@sigma.org. If you can put her in contact with the appropriate folks on your staff, I'd appreciate it!

Cheryll will be the resource for any rooms needed for privacy, information on security and the hotel, the reception at 2pm that day, and any logistical questions (not involving the actual speaking engagement – those logistics go through me).

If I can weigh in on anything, do let me know. I will be staying on top of all of the SIGMA details from our end so that we're able to provide one comprehensive event profile for you as we confirm details.

Thanks again!

Best,

Liz.

Mr. Leavell,

It was such a pleasure to meet your wife and yourself in Alabama during Administrator Pruitt and Senator Strange's visit last week. We met briefly as the Administrator was headed out when he turned to me and asked that I follow up with you. I am ashamed to admit that I am unaware as to specifically what it was on which he was hopeful I could connect with you but nevertheless wanted to establish the lines of communication.

Kindly let me know if I can in any way be of assistance to you.

Warm regards,

Hi Millan and and Maddy - Just confirming these 3 items so can make travel bookings. Thank you very much and Millan hope the travel back from Australia went smoothly.

September 12 – Meeting with Gary Knell (CEO of National Geographic http://press.nationalgeographic.com/biographies/gary-e-knell/) & Jessica Garrison, 2pm, EPA office.

Sept 14 – 6:30pm Meet and Greet dinner with Jessica Garrison & Eileen Stuart (VP of Mosaic), also invited - Tate Bennett, Marlyn Pruitt, anyone else Admin Pruitt would like to join. Just let us know so we can update reservations. Have reservations on hold at Metier, Plume, Capital Grille, and Piccolo

Sept 14 - National Geographic Salon Dinner **postponed** to Q1 of 2018 so that the board of directors can attend. Here is a link to nat geo's board: https://www.nationalgeographic.org/leadership/board-advisors/ . I just noticed that Brendan Bechtel is a member. Administrator Pruitt knows the Bechtel family from vists to their San Francisco office while was AG. Brendan's grandfather Stephen Bechtel jr. was chief executive over Hoover Dam project while also President of Bechtel. Amazing 119 year old famliy business . Also Jean Case is chairman. She is a former exec at AOL and her husband Steve Case was a co-foudner of AOL. Very good board.

5. This is great. When able, kindly send the attendees and address of farm. Although, I suppose that may come with the contact info when you send it over. This will be 10 minutes from Grand Forks, correct?

Thanks so much Levi.

3. Given the admin (plus security detail), governor, senator, and congressman all flying together, we'll likely be full. I still need to confirm which plane we'll take and its capacity but think it would be wise to plan for Admin + 1 at this point.
4. FAR; GFK
5. We'll be doing a brief stop at the Bateman family farm (10 minutes away from airport on our way to EERC) to allow admin to meet with group of commodity group leaders.

It was great to catch up with you.

I will look for the following items from you.

1. Address of Governor's condo.
2. Times for walk-throughs.
   a. Could we actually start the morning in Grand Forks then finish the day in Fargo? An 8AM or 9AM appointment in Grand Forks would be great. I understand you would not be able to attend.
3. How many folks on the plane. Just the Administrator and his one security detail? Kindly let me know if there is room for his body guy as well.
4. FBOs for the airports.
5. Information on the additional stop.

Hello Milan,

We look forward to Administrator Pruitt's visit. Yes, I can meet you on the farm on Sunday afternoon; 4:30 to 5:00 pm central time works for me.

The address is

1495 Coleman Road

Franklin, TN

I have found that GPS systems often take people just passed the driveway. I have attached three pictures that I think will help you find the farm. I also intend on being there at the road in a silver Nissan Frontier. If you have any questions when you are en-route, please call my cellphone which is listed below.

Hi guys. This is the form I filled out for the September 12 meeting. Although the sept 14 salon dinner has been postponed and as we've discussed before Mr. Knell hopes to maintain this appointment as a way to meet Administrator Pruitt and develop a relationship. Mr. Knell has a strong desire to be supportive to the Administrator on behalf of National Geographic. The salon dinner was postponed to Q1 of 2018 so that the Board of Directors for National Geographic can attend the event. Here is a link to nat geo's board: https://www.nationalgeographic.org/leadership/board-advisors/ . I just noticed that Brendan Bechtel is a member. Advice to Passengers

Transportation of Hazardous Materials

Federal law forbids the carriage of hazardous material aboard the aircraft, in your luggage, or on your person. A violation can result in 5 years imprisonment and penalties of $250,000 or more (49 U.S.C 5124). Hazardous materials include explosives, compressed gases, flammable liquids and solids, oxidizers, poisons, corrosives and radioactive materials.

Forbidden Dangerous Items Examples:

Paints, lighter fluid, fireworks, tear gases, oxygen bottles and radiopharmaceuticals. There are special exceptions for small quantities (up to 70 ounces total) of medicinal and toilet articles carried in your luggage and certain smoking materials carried on your person. For further information, contact your airline representative.

Note: Spare batteries and fuel cells are not permitted in checked or hold baggage. These items MUST be packed in carry-on baggage. If your carry-on bag is gate checked, the spare batteries and fuel cells must be removed and carried in the cabin.

Hi Millan,

Thanks so much for chatting this morning. This email is to introduce you to our Director of Meetings, Cheryll Decker. Her direct contact info is 703.375.0481 and CDecker@sigma.org. If you can put her in contact with the appropriate folks on your staff, I'd appreciate it!

Cheryll will be the resource for any rooms needed for privacy, information on security and the hotel, the reception at 2pm that day, and any logistical questions (not involving the actual speaking engagement – those logistics go through me).

If I can weigh in on anything, do let me know. I will be staying on top of all of the SIGMA details from our end so that we're able to provide one comprehensive event profile for you as we confirm details.

Thanks again!

Best,

Liz.

Hello everyone,

Thanks so much to all who have submitted their RSVPs for next Friday's ethics and protocol briefing for the Cabinet spouses. As discussed, the event will be from 10:00 a.m. - noon in the Secretary of War Suite here in EEOB. Some of you have already sent over your attendee's vitals as well, but for those of you who have not, please use the link below to submit them ASAP. Additionally, if you have not already let me know one way or the other whether your principal's spouse will be able to attend, please shoot me an email to confirm either way.

Good afternoon everyone,

I wanted to circle back on this invitation for October 20. I have received responses from many of you, and I appreciate it. I realize that I did not have the appropriate contact for a few spouses, so hopefully that has been corrected - let me know if I still don't have the right person.

Please take a moment to let me know whether your Cabinet member's spouse will be able to attend this event. If you have already responded, your RSVP has been noted. Don't hesitate to reach out to me with any questions.

Thanks!

Good afternoon,

Cabinet Affairs will host an important ethics briefing for all Cabinet spouses and significant others on Friday, October 20 from 10:00 a.m. - 12:00 p.m. in the Secretary of War Suite (EEOB 230A). Stefan Passantino with White House Counsel will conduct the briefing and be available for questions.

Following the ethics briefing, we will have a protocol expert give a presentation specifically tailored for Cabinet spouses. Topics will include frequently asked questions, including titles and forms of address, precedence, gifts, seating, official entertaining, and cross-cultural literacy.

Please let me know if your Cabinet member's spouse or significant other will be available to attend.

Maddy and Millan,

I understand there's still a possibility the Administrator may be able to join us at our event on Friday, October 20th. Is this accurate?

As you likely know, Texas has worked very closely with the EPA during the ongoing storm and aftermath. The help of the EPA has been instrumental to many of our member companies and their operations. The timing of our event and the attendance of the Administrator would be a perfect time to express our appreciation.

As a reminder, we do still have some availability on our agenda during our dinner the evening of Thursday, October 19th but Friday, October 20th would be ideal.

Just to add to this, with every industry sector actively participating in this event, we do think it would be greatly beneficial to both the Administrator's goals for the Agency and industry if he is able to make it to the event. Let us know if we need to work on anything to make this possible.

Thank you, Jayme and Maddy.

I am forwarding the form to Neal Carlton, TXOGA's Director of Membership, and have cc'd Mari Ruckel, our VP for Government Affairs, and Kristen Fuchs. Neal will ensure the form is completed and returned today. We previously sent a letter with all the details and I suggest Neal attach with this document of yours.

TXOGA is the state's oldest and largest trade association representing

every facet of oil and gas including upstream, midstream and downstream. All sectors would benefit greatly from Administrator Pruitt being able to attend and are hopeful it aligns with his schedule. Our nation's largest operators will be in attendance along with smaller regional and Texas companies. It is really a good mix and is an important gathering worthy of the Administrator's time.

We are needing to finalize our agenda for printing purposes. Do you think it possible we could get a decision this week?

This is the largest of our annual events and really the best one to attend. Should the Administrator need a different venue, we can certainly arrange one to fit his schedule and build attendance associated with it but this one is the most prominent.

Thanks for your consideration.

I am so sorry, could we please push to 130 tomorrow? The Administrator has a meeting at the Capitol on Monday as well, and with it being Sunday we just got word that they need to do that walk-through with us at 1230.

Many apologies for the multiple changes.

Hello Milan,

We look forward to Administrator Pruitt's visit. Yes, I can meet you on the farm on Sunday afternoon; 4:30 to 5:00 pm central time works for me.

The address is

1495 Coleman Road

Franklin, TN

I have found that GPS systems often take people just passed the driveway. I have attached three pictures that I think will help you find the farm. I also intend on being there at the road in a silver Nissan Frontier. If you have any questions when you are en-route, please call my cellphone which is listed below.

Kevin,

Good morning to you. SA Paul Dass and myself will be traveling into Nashville in advance of Administrator Pruitt's participation in the 3:30PM event at Eddie Sanders' farm on Monday, October 23. If possible, we are hopeful to find a good time to come by the Farm on Sunday, October 22 for a quick walk-through. We could do late afternoon, maybe 430 or 5PM, if that might work for you?

I look forward to hearing from you.

Millan Hupp, copied on this message, is our Director of Scheduling and Advance. She will be

the main POC for this event. If you'd like to organize a call with her to discuss the below questions, I'm sure she'd be more than happy to do so.

Regarding the reception with the Boards from SIGMA and NATSO, we think that would be a great idea. You and Millan can discuss format on the call but we'll put on the calendar for 2PM that day.

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a few questions.

Responsible for hotel details on site in Chicago – security, greenroom, reception details, and needs on stage

Responsible for announcements, signage, and publications

Responsible for general session address, production

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

- Regarding announcement

o Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

- Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

- Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

- Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

o Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

o Does the Administrator have an official/preferred introduction to be used for the address?

o Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have A dministrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the A dministrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA A nnual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

Advice to Passengers

Transportation of Hazardous Materials

Federal law forbids the carriage of hazardous material aboard the aircraft, in your luggage, or on your person. A violation can result in 5 years imprisonment and penalties of $250,000 or more (49 U.S.C 5124). Hazardous materials include explosives, compressed gases, flammable liquids and solids, oxidizers, poisons, corrosives and radioactive materials.

Forbidden Dangerous Items Examples:

Paints, lighter fluid, fireworks, tear gases, oxygen bottles and radiopharmaceuticals. There are special exceptions for small quantities (up to 70 ounces total) of medicinal and toilet articles carried in your luggage and certain smoking materials carried on your person. For further information, contact your airline representative.

Note: Spare batteries and fuel cells are not permitted in checked or hold baggage. These items MUST be packed in carry-on baggage. If your carry-on bag is gate checked, the spare batteries and fuel cells must be removed and carried in the cabin.

Hello Millan and Tate:

Per the previous email, I would be happy to have a private conversation to discuss the Administrator's presentation at ACC's upcoming board meeting. Also happy to provide whatever materials you believe would be useful.

I have cc'd my assistant, Holly Halsey who can help arrange a time to chat. I will be out of the office and in the middle of nowhere next week, with very limited access to phone and email. Accordingly, perhaps we arrange something for the following week, which is still a week prior to the speech?

Let me know whatever works for you two. Best, Bryan

Amy,

It is wonderful to meet you via email. Thank you so much for following up. I am going to copy Jahan Wilcox on our press team, to assist with the communications and promo component.

Jahan – this is a closed press event taking place at the Westin downtown in Chicago on November 8. A my would like to work with you on developing the invitation to push out to their folks as well as a few other items.

Please let me know how I can assist further.

Warm regards,

Millan – following up to get your communication person's contact info. We have a lot we would

like to do (promo to our members and conference program book), and I would also like to discuss how your team will want to handle any trade press that will be in the room so we don't have any misunderstandings.

Thanks!

Hi Millan,

Email #2! This email is to introduce you to our Director of Communications, Amy Rider. A my's direct contact info is 703.375.0485 and ARider@sigma.org. If you can put her in contact with the appropriate folks on your staff, I'd appreciate it!

Amy oversees all of our communication and publications. She'll be the one to request press kits, approvals for any announcements and text, as well as overseeing our press relations before the meeting and onsite (She intends to address that topic with your communications/press team).

If I can weigh in on anything, do let me know. I will be staying on top of all of the SIGMA details from our end so that we're able to provide one comprehensive event profile for you as we confirm details.

Thanks again!

Best,

Liz.

>>> 1. A trip to the Outback. The classic is Ayers Rock, locally called Uluru. It will require 24 hours - maybe the weekend eg Sunday works but that would conflict

with the visit to the LNG plant. You can google it - www.uluru-australia.com and see. Flights from Sydney are easiest. Usually in the morning, and then stay over one night and take the next morning flight back. Sunset and sunrise are just amazing. In a 100,000 acre national park. Quite an experience. It might change Monday a bit but that would also work out since it seems that the Monday events can be truncated if required and wouldn't impact Canberra or the rest of the schedule.

2. Meetings in Canberra:
Foreign Minister Julie Bishop
Trade and Investment Minister Steven Chiobo
Minister of Resources Matt Canavan
Prime Minister Malcomb Turnbull
Senator and Minister for Agriculture and Water Barnaby Joyce
Senator and Minister for Innovation Industry and Science Arthur Sinodinos

3. Would like to get a formal invitation from the American Australian Council, the dominant US-based NGO to cohost with other NGOs in Aus - like Institute for Public Affairs to discuss deregulation. Can get from Embassy the contact point for IPA if you don't have one with the organization. But would be good to get a US organization extending invitations along with other NGOs, in addition to the formal Aus government invitation.

4. Messaging:

I believe that having a thematic approach would be most beneficial in the future. Innovation Deregulation and Federal/State relations would be the talking points in each meeting, and in any pre- or post-press that is sought. I would identify something EPA is currently doing or will likely be doing to address the issue of innovation as it impacts smaller staffing, budgets etc. This doesn't lessen the commitment to protecting the environment just an implicit notion that the USG has, in the past, been taking more and more authority and through innovation (agility, speed new public/private partnerships using technology) EPA can meet and further it's core mission.

Innovation can also be related to private sector business (to highlight what they are doing.) Deregulation would be focused on the how foreign governments and partners are untying regulations in order to foster economic growth and job creation. Federal/State relations would be to better understand how others approach the appropriate balance between federal responsibilities and those left to the States. In the end it could be a statement issued by EPA alone, or, ideally, with Minister Frydenberg. We can discuss this idea now and get some closure on a joint statement that can be pre-cooked. If the Adm meets with the PM it will certainly need to be done so both sides have something that they can reference is building a stronger Aus-US partners (see AUSMIN comminque that outlines our overall relationship with US).

dfat.gov.au/geo/united-states-of-america/ausmin

1.

Each of these three areas allow for a positive dialogue, and followup on a quarterly basis. It may require identifying some things EPA is currently doing now in each of these areas that could contribute to a dialogue, not just in Aus but other countries as well.

You should also seek a State/DOD brief on the destruction of coral reefs by the Chinese, more destruction in the past two years than in the history of man- which is also a good talking point when the Great Barrier Reef protection comes up Aus officials.

Wanted to followup my previous communication.

1. Having thought thru various ideas I like the idea of going to Melbourne and meeting with the Labor Government of the Victorian Government. It allows the Administrator to say that he met both sides, and discussed issues. And they are doing very creative things and the Vic government is 'open for business' so many US companies in the high tech arena are making Melbourne their new corporate HQ home. Maybe we can identify a few of them to connect with the EPA Administrator.

While climate change will not be on the agenda expect it come up and

we need to be able to say that we 'agree to disagree' as good friends. I suggested to the Embassy that the Victorian Minister for Innovation and Trade (Philip Dalidakis) be included on their side since having him at the table would be good.

2. Had a long conversation with James Shea, the Embassy lead. He, Cosi (Minister Frydenberg office) and your Advance lead in the International Affairs office will be speaking Tuesday morning to coordinate. The Embassy was not aware of some of the potential requests for meetings so this next call (which is weekly between the parties) should clarify that you, indeed, want to move forward with a formal request to see the Foreign Minister, Minister of Trade and Investment (Steven Chiobo), Prime Minister, and others.

3. The trip might have a theme related to environmental cooperation focused on the topic of innovation - one that both sides can rally around - since both countries are focused on innovation at a national level. And doing more with less requires being smarter and more strategic. Hence, it is useful for the EPA Adm and the Aus counterparts to learn about how each country thinks about protecting the environment in the context of smaller staffs and budgets. The US press has made it sound like less money equals less commitment so changing the dynamic would be useful. Using innovation is a bridge in this regard, and having several EPA activities in this area to put on the table would be useful. Some of the past EPA/NASA activities might qualify but my information is a little dated.

4. Great Barrier Reef and Tasmania I would agree at this point is a bridge too far for this visit.

Rick and I will attend and will be present but will not be listed as members of the delegation. Also, I will make all arrangements for us; we do not want to utilize any USG assets for our involvement. Friday/Sat/Sun when we arrive will be easy, but we will not likely participate in the official meetings.

Greetings from Marrakech. Sorry for the delay in followup. I am still collecting inputs from friends but wanted to give you some

additional thoughts on scheduling.

I think it is important to play both offense and defense. Offense to move forward the Agenda from the Administrator and defense in terms of a 'risk mitigation' strategy to address in a proactive manner critics from whatever perspective. That is why I urge consideration of some type of deliverable - a Comminique, Statement of Principles, Memorandum of Understanding - something that codifies the goals and objectives of the trip but also the larger issues. This will blunt any criticism in the future and allows the Administrator for focus on the positive outcomes.

The trip will undoubtedly turn to issues where the Administration differs from the current Aus government - climate change is but one issue, but there is no reason not to have an informed and thoughtful discussion. It allows both parties to address critics, and to move on. With a document that can be readied - several paragraphs only - it would frame the meetings and the agenda that is being put together. That would, by definition, make some meetings more important and others less. For example, State of Victoria meetings might be more important if part of a Communique talked about future discussions on Federal vs State environment issues/deregulation etc. and the Administrator wanted to have a parallel dialogue between EPA and the States in the US.

You also asked about the initial days. Here is an update

Arrival Friday.

-- Since you will arrive around 6:30 am you will either need to get an early check in or have the booked the rooms the previous evening so that they are available. The Embassy will handle but just wanted you to be aware. Walking around Sydney Harbor, the Rocks (where the early boats came in with British prisoners arrived) is fascinating. You will need some down time, too. In the afternoon you might consider taking the ferry from Circular Quay to either the Zoo (15 min). There is a great Chinese/Asian rest, WOO about 7 min walk from the hotel. In fact, Circular Quay, Rocks etc are all within 3 blocks of the hotel so easy logistics. The best single book to understand the foundation and history of Aus is The Fatal Shores which gives the context of how and why the British would round up undesireables and send them to Aus for being petty criminals etc (and no London police force then)

-- Saturday : A morning water taxi ride from Circular Quay to The Boathouse for breakfast would be great. It is owned by the

(former) Minister of Trade Andrew Robb, a good friend, and the breakfast food is special. With good weather you can sit outside at picnic tables with umbrellas and enjoy Saturday morning with locals. Also, you can take a15 minute ride to Bondi Beach from Circular Quay and walk as long as you want on a long and winding paved walking trail along the sea at a high level with runners, surfers etc and watch the surfers. I can send some photos if useful to visualize. Definitely a memorable experience. Dinner? Could be at a traditional German place in The Rock, if the Administrator likes German but I'll come up with other options. There are several along on the pier at Woogamalloo - steak, Indian, Chinese - first rate which is about a 7 min drive from the hotel.

-- Sunday: It would be nice to see if part of the schedule tied to Sydney Harbor clean up that is being proposed for Monday might be shifted even though it may be inconvenient for some. Otherwise, we might think of one or two individual meetings, and then a small CEO roundtable in the hotel in the afternoon. Maybe a visit from the US Consul General to give an overview. I am getting specific suggestions on invitees etc.

I think it may be useful to meet someone in the Labor Party opposition, but will get informal guidance from Josh's office. Again, so the Administrator can say that he heard all sides on environmental issues.

I've received an updated/more detailed draft schedule from the Embassy but reminded them that I'm simply providing input to you and that all the normal decision-making processes and communications need to remain in place, and that my only role is to provide informal input and suggestions to decision-makers.

Would be pleased

All,
Your Cabinet member and spouse will be invited to 2 events at the White House during the Holiday Season. The Congressional Ball will be held Tuesday, December 5th from 5:00pm - 11:00pm and is the more formal black tie affair. The second reception is Thursday, December 14 from 4:00pm-6:00pm and this Christmas Reception is business cocktail.
Kindly RSVP to both as soon as possible.

Also please let Cabinet Affairs know who your agency/department point of contact will be to maintain your agency/department excel list for White House Christmas tours. Please call me if you were not at this morning's COS meeting or if you have any questions.

Thank you,
Ashley Gunn

Millan, Matt raised a point I didn't think off.

He says that the Governor's folks are planning lunch as if the EPA delegation will be staying for it. You're most likely already on this, but I figured I'd punt the issue over to you to confirm or dispel.

Morgan,

It was so good to talk with you. Attached you will find the proposed agenda Luis has prepared for our scoping mission next week. Hopefully this will assist you all in preparing for our meeting on Wednesday, October 25th. We will be coming in the night before so a 9AM meeting would work well for us if at your convenience, you could kindly confirm on your end.

Those attending will be the following…

Mark Kasman – Director, Office of International and Tribal Affairs

Luis Troche – Senior Advisor for North American Affairs/ Serves on CEC General Standing Committee

Sarah Greenwalt – Senior Advisor to the Administrator for Water and Cross-Cutting Issues (she's a fellow Okie!)

Myself

Luis – Morgan requested the reference table that you provided to Sarah and myself so that she may begin anticipating what our needs will be. Could you please share with her?

Looking forward to next week.

Thank you so much,

Hello Millan,

Yes, we are confirmed for the walk through on Sunday, October 22 at 3:00 p.m. I have talked with the hotel and I believe they will have their Director, Bill Simmons (I will confirm) at the walk through.

Millan, thank you for letting me know about the sleeping rooms, I will get those cancelled.

Thank you!

Lisa,

Just wanted to confirm the walk through for 3PM on Sunday, October 22. I have copied SA Paul Dass, from the Administrator's detail, as he will be with me on Sunday.

Could you kindly confirm that someone from

hotel security will be there as well?

Finally, thank you so much for holding the rooms for us at the Hilton. We will not be needing them for this trip but sincerely appreciate your thoughtfulness
