TELEPHONE CONVERSATION RECORD

DATE OF CALL: Aug. 17. 81 TIME OF CALL: 1:00 P.

PERSON ASKED FOR: Dave Leake PERSON CALLING: RMF.

OFFICE AND/OR PHONE: COE, St. Louis District (314) 263-5015

SUBJECT: Pine Ford Lake - EPA Cooperating Agency

DISCUSSION: Told him not much time to get Agency committments and people to the 8-19 meeting. Also contacted him regarding our reference to cooperating agency. He understood problem and will await my return phone call. He also surprised the letter took 4 days to our office.

August. 18, 81 Returned call to D. Leake at 3:00 P.
Told him we would need an outline of the inputs the COE expected from us; that we had no idea what type of cooperation they wanted from us in terms of fiscal and personnel resources. At first he didn't understand why we needed specifics However, as conversation continued, he realized we could not, or would not agree to a resource committment until we had specifics He apologized for not providing the information and acknowledged they don't know what is needed, when, and from whom. He will ~~work~~ work up a Study outline and get back to us during week of ~~Sept~~ August 31. He said a — Hay (Peoco - Cincinatti) called him about their work on the big river. Hay indicated they were under contract with EPA. Dave & I talked about a second scoping meeting in mid to late September, and/or a second meeting between COE and EPA.

COE has not offer contract # & may be short themselves.
