I'm sorry for the misunderstanding. My message meant that the Region did not have to provide a written response memo. You do not have to provide comments or edits on the draft technical discussion document if you don't want to. Your choice. I would, however, like to add a summary of the site/proposed action at the time of the consultation.

This is a good time for R7 to comment so send your comments to Dan **by 11/6** and he and I will submit under my name to the Qkr site.
Thanks, Craig
