SUBJECT Kahlstrom Soils Disposal

DATE 2-27-97

While you were out – here's what has transpired: Kathryn had me get prices from Forshee subcontractor J R Hayes & Sons (he never gave a price on time) and I got a price of $12,000 from Gaston Brothers Excavating who were used in the past. Forshee sent their version of the hold harmless agreement which was ok with Keith Mitchell & Dennis McMahon. Forshee wanted an answer by noon so after consultation with Dennis (Kathryn was home) we decided to accept the proposal which I did. See attached. Kathryn had suggested using Olympus Environmental which is under contract with Solid Waste but the timing was such that we couldn't get a response on timing & price soon enough to use them.
