Telephone Call from: Jim Fletcher - Van Waters & Rogers - OR

FILE COPY

To: K. Feigner

Jim wanted us to be aware of 3 things:

1. UNIVAR has entered into an agreement to buy all assets of McKesson Chemical in Portland (still subject to govt. approval).

2. UNIVAR has hired "Hardy & Lawson" as consultants to oversee all environmental matters, nationwide until UNIVAR establishes and hires a "vice president" position to do same.

3. Soil analysis work at VW&R is underway at Portland site.
