Jordan,

The $100 million WIIN funding for Flint has been approved, so, that isn't affected by anything to the best of my knowledge. I'm not involved in East Chicago. This question would be best answered by our Headquarters staff who are more knowledgeable on EPA's current and proposed budget. I've cc'd Jeff Kelley in our press office who can advise on who would be best to address your question.

Thanks,
Mark

Mark,

Jordan with The Young Turks. I'm working on a story about how the EPA's proposed cuts will

further harm Flint and East Chicago.

I'm trying to get information on whether specific grants to Flint and East Chicago will be affected. Could you assist with that?

Jordan
