Good day, Judy and thank you

This package should be walked over to OLEM's Correspondence Unit for entry into CMS for Barry's signature.

Attached is the Region 5 action memo with a PDF of the attachments for the memo (i.e. the previously approved Tower Standard/Haskell Lake LUST site action memos from 2014 and 2015).

Subject: LUST Trust Fund Action Memo

Barry –

Please find (attached) action memo from Region 5 requesting an increase in the approved spending ceiling for the Tower Standard/Haskell Lake LUST site.

I have a hard copy, with my original signature on it, concurring with this request, and will walk the hard copy over to your office.

The region has been doing an outstanding job with this extremely complicated situation, and their plans are reasonable, well thought through, and appropriate. I can't remember if we've briefed you on this site before or not, but the short version of the history is that the site is located in Indian country, but the financial assurance mechanism the owners chose was the Wisconsin state fund. A cleanup was done originally by the state with the state fund dollars, but the tribe was not pleased with what they considered to be inadequate consultation with them, and an inadequate cleanup.

The state fund has a $1 million cap on spending at individual sites, and has some ceiling remaining within that cap. Through intense negotiation by Region 5 with both the tribe and the state, the state agreed to do additional cleanup until they reach their $1 million cap. At the request of the tribe, EPA is also performing some complimentary work, as the tribe wants the work of the state to be closely overseen, and wants EPA's assistance to ensure the current cleanup is thorough and protective.

Everyone in Region 5 who has worked on this site deserves much credit and appreciation for all they've done to address this very stressful situation and to work towards helping to rebuild the relationships between EPA, the tribe and the state while also moving the site forward toward a protective cleanup.

If there's any more information you would like before concurring on this increased spending ceiling, please let me know.

Thanks! - Carolyn

P.S. Nick & Wanda – I don't know which one of you wants the signed hard copy version that I'll walk over so you can get it to Barry for his signature, but please let me know to whom I should deliver it. Thanks!
