03-64-127899 TOWER STANDARD SERVICE

LUST - OPEN

Cleanup has been approved at this location but some contamination remains. Due to this remaining residual contamination, one or more continuing obligations are applicable to this location (e.g., an asphalt cap or other barrier covering the contamination). For information specific to the continuing obligations at this location, read the Closure Letter within the GIS Registry Packet in the Documents section below. For general information on managing continuing obligations and residual contamination click here. **You must contact DNR before constructing a well. Remaining contamination must be properly handled if disturbed.**
