Subject: Final Children's Health press messages

Kelly,

Thank you for meeting with us today to discuss opportunities for implementing these. Attached are the finalized messages that now incorporate some

As we discussed, Larry will bring copies to this Wednesday's press meeting and quickly remind the other Division liaisons about our previous conversation. Follow-up questions should be directed to Jackie Hayes.

We will do some additional analysis of the children's health research funded by EPA in Region 9 to see if there are opportunities or issues we should be aware of and if research findings could be better incorporated into Region 9 communications.

Thanks,
Adrienne
