Acronyms:
UC: human exposure under control
ID: insufficient data to determine human exposure
PRIP: protective remedy in place
LTHHPA: long term human health protection achieved
NUC: human exposure not under control

In August 2014, EPA Region 5 withdrew from participation in DOD's BRAC cleanup, reuse and property transfer activities at the former Wurtsmith AFB, Oscoda, MI. Site work continues under Michigan DEQ oversight. U.S. EPA no longer tracks cleanup activities at Wurtsmith
