It is so stupid. It is her way of pretending in her own little mind like she is leading and in charge like wtf? She has to tell me that it is important to keep the cases moving? She doesn't even know any of these cases!! And then she copies Kurt to show off BUT she never copies you.

That is the same question she asked me after she turned over everything, left for months in end, and then brought Dana because I could not handle it.

So, yes, there is movement on every case and I assume we will report on that tomorrow. Needless to say that the cases have to move and so they have been. Not sure what you mean re "how are we staying on top of them?" If you mean how am I staying on top of them, I participate in the meetings (like Tuesday's meeting on Tallassee to prep for interviews) and I ask OCR and OGC staff for updates.

Hi Lilian. Tomorrow, as you know, there's a meeting with DOJ attorney Andrew Zee on the CARE litigation cases. I'd like an update from staff on their status by next Friday. We have to keep the cases moving. From your view, how are we staying on top of them? Is help needed?
