## 9.1 Capacity Assurance

### 9.1.1 MSW

**Is there enough disposal capacity for anticipated MSW volumes generated in Tallapoosa County at a reasonable cost?** Tallapoosa County disposes of all MSW in the Tallassee Disposal Center located in Tallapoosa County. The Tallassee Disposal Center has an estimated 80 years of remaining disposal capacity at current volumes. There are an additional 5 landfills available for disposal in the State of Alabama that all have sufficient air space for Tallapoosa County MSW.
