Hi Jennifer,

Thanks both for your consideration of the request, and for the super-speedy reply. I understand that Paul is out this week. I'll look forward to hearing back from you once he returns.

In case it helps, if travel to Chicago is not an option, we can set up the session as a webinar. In person is always nicer for interaction with the audience, but we're happy to work with you.

Thanks again,

Andrea Porter

(Chicago Office) Drinking Water State Director's Meeting, Tues. April 25

Hi Andrea – Nice to virtually meet you!

I wanted to acknowledge your email and let you know that Paul and I will discuss your request and will get back to you as soon as possible about whether Milwaukee Water Works and Milwaukee Health Department can be there.

Thanks for reaching out.

Warmly,

Jennifer

Subject: Speaker Request: Milwaukee's LSLR and Outreach --> US EPA, Region 5 (Chicago Office) Drinking Water State Director's Meeting, Tues. April 25

Hi Jennifer and Paul,

Would you, or your staff, be interested in presenting on Milwaukee's Lead Service Line Replacement Plan and the "Lead Safe Milwaukee" Public Service Campaign?

Your session would be part of our **Annual Meeting for the Public Water System Supervision (PWSS) State Directors** from the Region 5 States (IL, IN, MI, MN, OH, WI).

Each year we invite speakers, like you, who are working in innovative ways on timely drinking water issues. Your experiences with lead in drinking water are a topical public health success story. Our State Directors would benefit from hearing about challenges the City of Milwaukee faced, and how you've been able to address them.

Logistics:

- Date/Time: Tuesday April 25, 2017 at 10:30 am
- Location: U.S. EPA Region 5 Office in Chicago (77 W. Jackson Blvd.)
- Session length: 30 minute presentation; 15 minute Q&A

With the continued public concern about lead in drinking water, your valuable perspective would be very much appreciated.

Please let me know if this could work (we can be flexible on the time, etc.). My contact information is included below.

Thanks,

Andrea Porter
