**Importance:** High

Thanks so much Kurt! Noon today was my first time sitting at my desk guys, so sorry for not sending the rest of the "cleaner" letter earlier. I am now slammed with a press inquiry but here is what I have. I need your help so that we can end up with a draft by COB.

**Kurt**, could you please add the latest version of the legal analysis section?
**Jeryl and Jonathan**, I need more info in the background section about the 2003 permit itself and this facility (see comment bubbles)
**Nancy,** could you please add a little back ground (see comment bubble) about the Yerkwood case and specifically, about the siting factors?
**Betsy** – need your take overall – I removed almost all of the "concerns" section and am just providing a highlight in addition to the heads up that we will be opening a review.

Some of this may already have been done and if so, that's great! Thanks so much! Lilian

Good morning Jonathan/Jeryl: I have addressed comments and edits in the Legal Analysis section based on the various comments and changes received yesterday. There's still a few questions remaining and I left those comment boxes there for you to revisit. Also, I noted to Jonathan earlier that a couple of the listed harms were not addressed. He is looking into that. Also, Jonathan, I inserted a few more footnotes where citation is needed. Thanks.

Kurt
