Greetings,
In December of last year, the team agreed we would suspend the calls until EPA began field in the spring.
Since EPA has restarted field work this week, the MACT calls will begin April 28th , 2017, on a biweekly basis.
The meetings will follow the same agenda format as before (see below), so be prepared to report out for your agency.
Let me know if you have any additional questions, or if any organizational contacts have changed, and updates are needed.
Thanks.

   Opening Message:
8. The purpose of the call is to ensure all Multi-Agency Coordination Team members are aware of the individual agency efforts, track progress of activities through reporting metrics, and determine resource availability.

   Takeaway messages:
9. Messaging to residents should get down to one-on-one when possible to interpret individuals lead results. Similarly, messaging to local facilities and individuals who provide health care should continue to inform and educate. The health agencies are reaching out to various relevant organizations - and in some cases those organizations are reaching out to the health agencies – to support their outreach efforts.

10. Data sharing could use resources, availability, and stewardship. The various groups have data that could prove beneficial to everyone in their efforts to provide services to the residents. Infrastructure, authorities, and privacy issues are hurdles to this information sharing.

    Action Items:
    a. EPA update Zone 1, 2 and 3
    b. Update on Blood Lead Testing and Outreach
    c. HUD Update
