Ben,

Please find attached Final PDF permit that includes the CD39 and CD40 details. Please disregard the earlier email copy that was sent. Sorry for any confusion.

Thanks,
Art

Hi Art,

Thanks so much for sending. I reviewed this and I have a quick question: Can you explain the omission of the RADIUS "detailed information" pages for CD39 and CD40? The Control Device detail pages stop with CD37 at PDF page 542.

Regards,
Ben
