Subject:	RE: DOH-EPA Conference Call Reminder and DRAFT Agenda--September 15, 2011 (8am HST/11am PDT)
Date:	09/13/2011 05:11 PM

Hey Team,
I will not be on the call this time.
I have a workshop with our military counterparts out at the Kaneohe Marine Base.
I'm counting on Stuart to let me know what's the latest.
Here are my thoughts on the agenda.

1. I'm dying to hear if the Lahaina Test found anything.
2. We can talk about Waimanalo Gulch any time. We finished our policy and enforcement review back in April.

The rest of the updates I can get from Stuart after your meeting.
I am wondering what became of the issue of our CWB field citations and whether they will show up in EPA's enforcement count.

Thanks!
Gary
