Thanks Brad, I passed the info about resending the letter and the voicemail message along to the mayor.

Carolyn

Yes, the report was finalized and mailed out on March 21, 2019. Based upon the request to the Mayor, it appears that they did not receive it. I do not know why that happened and do not know why they did not contact us directly regarding the missing report. We will call them (already did but had to leave a voicemail) and send another copy of the report for their files.

I have also attached the updated PR table and figure, summarizing the ID's and sampling status. Please contact me with questions or if you need anything else.

Sincerely,

My apologies if you've sent a more recent version of the attached file, but if not, would you please update and send it to me?
Thanks.

Also, on the weekly call with the mayor this morning, he said that the owner of [redacted] contacted him because they did not get his/her results.
You provided EPA with a copy of the March 21, 2019 letter to the owners.

I will call you to follow up on this.
