Name: Mr. Baser

Date: 2/7/84

Firm: NL Industries

Time:

Address: P.O. Box 1090 Wyckoff

Person Taking or Making Call: Steven Goby

Telephone No.: (609) 443-2441

Subject: Magnus Co.

Message:

Mr. Baser stated that NL Industries did operate 2 magnus facilities. (800 N. Main Los Angeles, Ca and 6135 District Los Angeles, Ca.) Both facilities manufactured bearings for railroad cars. He stated the waste produced was lead and tin drosses. These drosses were stored on-site until sold to smelters for recovery. The facilities also produced foundary sand which was disposed of off-site.

Mr. Hawkins claimed NL industries did not retain permit and other information on the sites because they have been inactive for a number of years. He indicated he would have a Mr. Patron call me regarding years of operation information.
