Re: Salt River Landfills Lawsuit

ADHS filed complaint against city of Phoenix 8/80 to enforce the administrative consent order entered into 12/79; trial held OCT 1-3, 1980; ADHS prepared proposed order to be incorporated into injunction against city (identical to original consent order but with updated dates) and submitted it to court 12/24/80; hearing next week on city's objections to order; D.B. expects final decision within 2 weeks.

⟹ D.B. says Phoenix "is very obstinate" and there is no "commitment by mayor and council to environmental quality". D.B. agrees that city's attitude portends ill for any problems that arise with the Phoenix STP consent decree.
