Q 12/4/15

Amanda Zych 425-339-8774 Snohomish Health Distric
Skyvalley education center

Bulb burst in aug - leaked brown ooze onto carpet - district covered w/ duct tape
- Dist facility guy said it leaked onto keyboard, n carpet & it was cleaned up by them according to EPA standards

after 4 ballasts blew in spring, they made a map, and changed out the ballasts that are PCB
- maps are dated Aug. 2014

Facility guy is new - was defensive @ first but he's on boa

DOH does have the capability to sample

(b) (6) [redacted] - teacher with complaint
- teachers say they're sick @ school, not @ home.
- considering a lawsuit

School is willing to do what local DOH recommends
