---

Scott,

Here is the table with Northrop's new wells included. Please include yours and highlight what you added.
Thanks,

Tom

Tom

Please resend the table. I am not sure which one you are referring to.

Subject: PVOU well table

Hi Scott,

Can you please update the well table with the newly installed wells (the piezometer at Amar and MW8-1,2,3)? I can resend the table if you need.

Tom
