Thanks Jane.

I have been gone on week for a conference and then I will be in DC all next week. I need to get with Jane Hicks on the estimates time line. She is off today (Friday) but I will ask her to give Nancy and Jason a status as soon as possible.

Best of luck in retirement and enjoy!

Thanks.

John

Subject: [EXTERNAL] Corps Redwood City Salt Plant Records

Thanks, John, for the very kind note on my retirement. In my final hours as a federal employee, I wanted to follow up on Jared Blumenfeld's April 16 letter (attached) seeking Corps documents in support of EPA's jurisdictional delineation for the Redwood City Salt Plant site. I understand Jason Brush spoke with Jane Hicks last week, and, rather than have us come to the Corps office, Jane agreed to compile and review the file in-house for any privileged material, and then send us directly what materials HQUSACE approves for release. We're scoping contracting tasks and need to know where the information gaps are, so I'm hoping this can be accomplished quickly. It would be very helpful if you could provide

incoming acting Water Director Nancy Woo, and Jason Brush, a schedule for EPA's receipt of these materials. Thanks very much - Jane
