Dave,

Again, thanks so much. We'll need to confirm with Gardner that they are accepting waste from industries that discharge industrial process wastewater to the POTW.

(I think you must be working on similar issues in Fitchburg and Gardner right now. My question was related to Gardner—I think Doug may have been asking you a similar issue with respect to Fitchburg! Either way, I have the information I need for now. Thanks.)

Hi Dave,
Actually one more question. Still trying to sort this out:

This was the Gardner DPW director's actual response to Stephanie about whether they accept industrial waste:

Stephanie,
We have industrial, commercial, residential, and municipal all tied into our sewer system as any City would.
We do not receive septage from outside the City.

Thank you,

Dane E. Arnold, Director

Department of Public Works
