I am looking for non-administrative documents that contain information regarding public awareness of the sites and adjoining residential properties by the community. Additionally I am looking for any writings from the company whereby they disclaim liability or minimize severity of the contamination.

Yes. Correspondence to or from Sherwin Williams is extensive as we have been working with them for 20 years. What are you looking for specifically?

Yes. Additionally, if possible any other notes and/or correspondences from or to Sherwin-Williams. Does Thursday at 10:00 A.M. work for the first document review?

Mr. Mitnick,

My apologies for not getting back to you as I was out of the country and my return flight yesterday was delayed by Tropical Storm Nate. As for reviewing documents, are you referring to those in the administrative record?

Beitin

I didn't hear back from you so I cancelled my trip into the City for this morning. Alternatively, I would like to review documents relative to the Sherwin-Williams superfund sites located in Gibbsboro, NJ this Thursday at 10:00 if works with you. Please advise

Best

Craig
