Please accept RXRGIP's deliverables for the following items in the subject Action Item List:

2b: Completed
2c: Completed.

3a. Attached to this email.

In addition, the "PRE-CONSTRUCTION CONFIRMATORY/DATA GAP SUBSURFACE INVESTIGATION WORK PLAN GLEN ISLE WATERFRONT REDEVELOPMENT, GLEN COVE, NEW YORK" has been revised according to the aforementioned comments and has been added to the FTP site in the folder "Data Gap Analysis/SI_Work_Plan_2013-12-19(1).pdf". The RWP has also been revised and is an appendix to the Work Plan.

I will send a CD to Heide for distribution to DEC reviewers.

We are moving ahead with organizing our contractors and preparing the site for a start date of January 9th as shown in the schedule attached to the 12/17/13 email. If possible I would appreciate receiving any comments pertaining to the revised Work Plan in sufficient time to respond without compromising that date.

Thank you for your help moving this project forward.
