Had my first monthly 15 minute call with Larry:

Non-Responsive [redacted]

5. 401 cert regarding the Lahaina UIC permit. Larry said he was concerned that this may set a precedent for the island and was concerned about the workload. I responded that the comparison about the work load was a 401 cert or a NPDES permit - each would be in HDOH's court. I told him that you would continue to coordinate with Alec and Ted Bohlen as we proceed.

Next call schedule for the end of Feb.
