UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION 6
1445 ROSS AVENUE, SUITE 1200
DALLAS, TEXAS 75202-2733

CONFIDENTIALITY NOTICE (40 C.F.R. § 2.203)

Company/Facility Name: Dupont LaPorte, Texas Plant	
Facility Address: 12501 Strang Road LaPorte, TX 77571	
Inspector Name (*print*): Dave Hensley	
U.S. EPA, Region 6, 1445 Ross Ave., Dallas, TX 75202	Inspection Date: 12/15 - 12/18/14

If no business confidentiality claim accompanies the information provided to EPA during this inspection or information you submit later, then EPA may make the information available to the public without further notice to the business. Failure to sign this form will be considered by EPA to be a waiver by the facility of any confidentiality claim. EPA's regulations that govern the confidentiality of business information are contained in 40 C.F.R. Part 2, Subpart B. You may assert a business confidentiality claim covering part or all of the information submitted, in the manner described by 40 C.F.R. § 2.203(b), which states:

> (b) *Method and time of asserting business confidentiality claim.* A business which is submitting information to EPA may assert a business confidentiality claim covering the information by placing on (or attaching to) the information, at the time it is submitted to EPA, a cover sheet, stamped or typed legend, or other suitable form of notice employing language such as *trade secret*, *proprietary*, or *company confidential*. Allegedly confidential portions of otherwise non-confidential documents should be clearly identified by the business, and may be submitted separately to facilitate identification and handling by EPA. If the business desires confidential treatment only until a certain date or until the occurrence of a certain event, the notice should so state.

However, certain categories of information outlined in 40 C.F.R. §§ 2.301-2.311, such as emission data and effluent data, or other information that is otherwise publicly available, are not eligible for confidential treatment.

If you claim any of the information submitted to be trade secret or other confidential business information, you must specify each record or portion of the record for which you assert a claim. Information covered by such a claim will be disclosed by EPA only to the extent, and by the means of the procedures, set forth in 40 C.F.R. Part 2, Subpart B. All business confidentiality claims are subject to a determination by EPA of whether the business information is entitled to confidential treatment. If EPA needs to determine whether the information is entitled to confidential treatment, then you will receive written notice and opportunity to comment (Attachment 1) requesting that you substantiate your business confidentiality claims. EPA will construe your failure to assert a business confidentiality claim, or to furnish timely substantiation

comments, as a waiver of any applicable claim. Any information subsequently determined to constitute a trade secret or other confidential business information will be protected under 18 U.S.C. § 1905 and/or 5 U.S.C. § 552(b)(4).

I, Robert Doremus, S.H.E. Manager, hereby certify that I am a
Responsible Official's* name and title (*print*)

responsible official of DuPont LaPorte Texas plant, that I am in receipt
Facility's business name (*print*)

of this confidentiality notice, and that I am able to speak for the facility on this matter.
