SUMMARY OF COMMUNICATION

He called me 4/14, P.M.

Sent a letter 12/22/82 to Bill requesting change to small quantity generator - no reply (the file was on Paul's desk at the time).

Claude said the previous owner had a leach pond which wasn't closed properly. No longer being used.

Currently generating small quantities of waste, transported away by registered hauler.

I called him 4/19 am + told him

Bill says he's still responsible to see that the pond is closed + must present a closure plan for our approval before we'll let him withdraw. Bill says this should be handled by Paul B. + David J. now - TAS should give input but not actually OK the withdrawal.

He said he'd get a closure plan from the previous owner.

I said Paul Blais + David Jones are his contacts on this matter now.
