Subject: Neonicotinoid Efficacy Report

Dear Ms. Laws,
Please see the attached copy of a letter that has also been mailed in hard copy regarding efficacy data and labels for the neonicotinoid insecticidal seed treatment products. I have also attached Center for Food Safety's recent report, *Heavy Costs: Weighing the Value of Neonicotinoid Insecticides in Agriculture*, on which I was the lead author.
Please contact me if you have any questions.
Sincerely,
Sarah
