Subject: RE: FMC 1st Quarter Report

Thanks. I've looked this over and may call with questions/comments after further review, and consultation with Kevin when he returns to the office.

I was not the Project Officer during this period (January-February-March) of performance. Kevin Rochlin served in that role until recently. The second quarter (April-May-June) report due July 30, 2014 should also list Kevin as the PO. Please list me as the PO on the third quarter (July-August-September) report due October 30, 2014.

Subject: FMC 1st Quarter Report

Jonathan, please find attached the 1st Quarter Report for the FMC Operable Unit Cooperative

Agreement. According to the attached document from Jannine, we were late with the Simplot and Off-Site reports. Both the Simplot and FMC Cooperative Agreements were signed on March 19, 2014 so the Program thought that the 1st Quarter could be included with the 2nd Quarter Report.

You should be receiving the 2nd Quarter Report shortly this week. We are just fine tuning the information and lists as well as double checking our budget details which show that no resources were spent or requested from EPA.
