We should be set. Please send meeting logistics as they are made available, and I'll be sure Atkins/Morgan Worldwide get them as well.

Tim – I have received the email and will coordinate with the Morgan Worldwide folks to be sure they can attend. As we discussed, I will probably attend by phone again. Thankx

John:
Per our earlier conversation, I'm writing to confirm Atkins' consideration of having JMW participate, in person, in a technical discussion of their preliminary alternatives analysis work for the King Coal Highway/Buffalo Mountain project. This meeting involving EPA Region 3 and others is to be scheduled for the week of October 29th, and will likely be on Monday, Thursday or Friday of that week. The meeting location has not yet been set, but may be scheduled in Philadelphia or Pittsburgh. I will provide you with additional logistics information as soon as I receive it. Please let me know if you have any questions, or would like to discuss this further. Thank you.
