Hi Debbie,

I am attaching our updated hot topic bullets for the ECOS meeting. We updated the items that are shown in red below.
I am still trying to find out about the Governor Abercrombie letter but if not, we can send as is, or should I take it out?

Please let me know if you have any questions or edits. This is due by COB today to Brent.

Thanks,

All –
We are being asked for hot topics for the upcoming ECOS meeting. We recently pulled together the bullets below for the National Governors Association meeting. We do need to add/edit some topics. The items in red are either new topics or ones we need to update. Please look for your name and update as necessary. If there are other topics you think we should add or update, please do so.

Note that we need about two sentences for each topic. I need to forward everything to OPA by March 14 **so please get back to me by COB Thursday, March 13.**

Thank you.
