Subject: FW: Action Requested: OCIR Request for Hot Topics for Western Governor"s Association (WGA)
Date: Thursday, May 22, 2014 11:13:51 AM

Hi all,
We have a call for papers from OCIR for the Administrator. She is attending the Western Governors' Association meeting in Colorado on June 10th.
Brent sent forward the bullets we submitted in March. I have pulled ours out and pasted/highlighted them below. Please look for your names. Colleen, thanks for already doing yours!

The 111(d) entries might be hard to edit since this is intended for use after June 2.
Is there anything else we should include?
Please return to me by COB Tuesday or early Tuesday.

Gov. Janice Brewer – Arizona

- **Input on reducing carbon pollution from existing power plants, CAA section 111(d):** [redacted]
- **Navajo Generating Station:** The public comment period on NGS closed on Jan. 6, 2014. EPA is in the process of responding to comments, and we intend to make a final decision this summer. Governor Brewer sent a letter to the Administrator on Oct. 21 supporting the TWG Alternative.
