Re: ***Request for Florida Department of Citrus' Entire File Regarding Citrus Abscission Product***

Dear Mr Bloeth:

We represent the Florida Department of Citrus ("FDOC") and are writing today to request copies of the entire file regarding Florida Department of Citrus' application for review of a Citrus Abscission Product (the "Product"). It has come to our attention that the application was withdrawn by Agro Source, Inc. on or about January 25, 2013. Agro Source, Inc. was contracted to register the Product on behalf of, and in, FDOC's name, and as the documents contained in the application file may be useful to FDOC, we request any and all documents, communications, files or other materials related to the application.

Under the Freedom of Information Act, 5 U S.C. Subsection 552, and the Code of Federal Regulations Section 2.102, we are requesting access to any and all records relating to FDOC's application for review of a Citrus Abscission Product. We know of no exemptions that would be applicable to our request, and if you require any additional descriptive information regarding our request, we ask that you contact us immediately so that we can respond.

If there are any fees for searching for or copying the requested file, please let me know before you work on our request. If it is more efficient and less costly to send these copies by electronic mail, we will gladly accept in that form.
