Hi-vol sample cooler #1 temp: ~~NA~~ → melt water @ bottom of cooler 3.0°C
4 glass cartridges w/ PUF Plugs
↳ screwtop plastic storage jars not in bubble wrap or outside plastic bag
storage containers still sealed w/ teflon tape
4 quartz fiber filters
* DI water jar temperature check not in cooler. Ice still almost completely frozen

Hi vol sample cooler #2 temp: → melt water @ bottom of cooler 2.4°C
4 glass cartridges w/ PUF Plugs
↳ screw top plastic storage jars not in bubble wrap or outside plastic bags
storage containers still sealed w/ teflon tape
4 quartz fiber filters
* DI water jar temp check not in cooler
Ice still almost completely frozen

Each screw top storage container inspected all appear to be sealed well w/ teflon tape

Ice frozen in coolers → similar to previous trips

Left containers in outer plastic bag → will bring spare bubble wrap bags 5/20 for return transport.
