Brenda:

FYI, we only need a paper copy of a report with an original signature if there were actual exports.

I will use this email for our files as a report of no exports.

Thank you for your response.

Subject: 2016 annual SLAB reports

Mr. Nelson,

Our company did not export SLABs during the calendar year 2016. I know from last year, you said that the EPA needs an original signature for their records so I will send a copy to the mailing address, also.

Thank you,

Brenda L. Dunn
President
