CA PARs - GPRA Goals

Report run on: October 21, 2014 3:35 PM

Version 5.0

User Selection Criteria

Location:	National	**Date Range:**	10/01/1980 **To** 10/21/2014
Group of IDs:	Not Chosen	**Report Type:**	GPRA Goals Detail and Summary
Universe:	Subject to Corrective Action	**Show Universe:**	Yes
Baseline:	N/A		

Results:

Data meeting the criteria you selected follows.

Total Pages: 1673 Total Handlers:3270

Report Description

This report provides a summary count and detailed report for GPRA corrective action goal events for the user selected 2005, 2008 or 2020 GPRA CA baseline. The report shows hazardous waste sites in the selected reporting universe that have CA400, CA550, CA725, CA750, CA900, and CA999 events that are: 1) in the selected date range, and 2) marked as facility-wide. There is a maximum of one (1) count per facility per event code for the summary version of this report. Note: CA900 and CA999 are treated as one event code. If a facility has both a CA900 and CA999 event, the CA900 event will be included in the counts, but the CA999 event will not be included. All counts are based on the most recent date for an event within the specified date range except for the Reporting Universe Facility Summary which counts all facilities in the selected universe regardless of the date range specified, and regardless of whether or not the facility has a CA400, CA550, CA725, CA750, CA900, or CA999 event. The portion of the Summary report displays counts by NCAPS ranking. The detailed version of this report lists all occurrences of the corresponding Corrective Action CA400, CA550, CA725, CA750, CA900, and CA999 events within the date range selected and indicates facility level progress.

Report Information

Name:	capars_goals.rdf	Tables Used:	hbasic, gpra_ca_2008, aevent4, hreport_univ5, lu_ca_event, lu_state, aln_area_event4, aarea4
Deployed:	December 2005		
Last Revised:	February 2014	Libraries:	none
Contact:	rcrainfo.help@epa.gov		

List of Handler Universe Abbreviations

Generator	Indicates that the facility is a Large Quantity Generator (LQG), Small Quantity Generator (SQG), Conditionally Exempt Small Quantity Generator (CEG), or not a generator (N).
Transporter	Indicates that the facility Transports waste subject to RCRA regulations. ('Y' indicates that the facility is in this universe).
Operating TSDF	Indicates that the facility is a Treatment, Storage or Disposal facility subject to any type of enforcement. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment, H - SWM)
IC / EC in Place	Indicates that the facility has Institutional Controls / Engineering Controls in place. ('Y' indicates that the facility is in the respective universe).
EI Indicator (HE/GW)	Indicates that the facility has controls in place for Environmental Indicators. HE - Human Exposures ('+' indicates the exposure exists and is under control; '-' indicates the exposure exists and is not under control; 'N' indicates the exposure does not exist) GW - Groundwater Release ('+' indicates the exposure exists and is under control; '-' indicates the exposure exists and is not under control; 'N' indicates the exposure does not exist)
Perm Prgrs	Indicates that the facility is part of the Permitting/Closure/Post-Closure Progress universe. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment, H - SWM)
PermWrkld	Indicates that the facility is part of the Permit Workload universe. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment, H - SWM)
Clos Wrkld	Indicates that the facility is part of the Closure Workload universe. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment, H - SWM)
Pclos Wrkld	Indicates that the facility is part of the Post-Closure Workload universe. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment, H - SWM)
Renewals Wrkld	Indicates that the facility is part of the Permit Renewals Workload universe. It then specifies the type of facility (L - Land Disposal; I - Incinerator; B - BIF; S - Storage; T - Treatment, H - SWM)
GPRA Permit	Indicates that the facility is part of the GPRA Permit universe. ('+' indicates that the facility is on the GPRA Permit Baseline and meeting the goal; '-' indicates that the facility is on the GPRA Permit Baseline and not meeting the goal; 'N' indicates that the facility is not on the GPRA Permit Baseline)
GPRA Renewals	Indicates that the facility is part of the GPRA Renewals universe. ('+' indicates that the facility is on the GPRA Renewals Baseline and meeting the goal; '-' indicates that the facility is on the GPRA Renewals Baseline and not meeting the goal; 'N' indicates that the facility is not on the GPRA Renewals Baseline)
Subj CA	Indicates that the facility is part of the Subject to Corrective Action universe. ('Y' indicates that the facility is in this universe).
Subj CA TSD 3004	Indicates that the facility is a Treatment, Storage or Disposal facility Potentially Subject to Corrective Action Under 3004(u)/(v). ('Y' indicates that the facility is in this universe).
Subj CA TSD Discr	Indicates that the facility is a Treatment, Storage or Disposal facility Subject to Corrective Action Under Discretionary Authorities. ('Y' indicates that the facility is in this universe).
Subj CA Non-TSD	Indicates that the facility is a Non-Treatment, Storage or Disposal facility where Corrective Action has been imposed. ('Y' indicates that the facility is in this universe).
CA Wrkld	Indicates that the facility is part of the Corrective Action Workload universe. ('Y' indicates that the facility is in this universe).
GPRA CA 2020	Indicates that the facility is part of the GPRA Corrective Action universe ('Y' indicates that the facility is in this universe).
